Wilson In Senate Battle to Save Wine and Beer

'BONE DRY' LAW SEEN AS BLOW TO PERSONAL LIBERTY

President Seeks Compromise
On Upper House Prohibition
Amendment

WHISKEY DOOMED, ALL
INDICATIONS SHOW

Executive May Veto Bill For
Absolute Liquor Ban, If
Solons O. K. It

BY ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, June 29.—President Wilson is throwing his influence into the Senate fight to save beer and wine. Very much concerned at the consequences of jamming through at the present time a drastic prohibition measure which would constitute, he believes, a blow against personal liberty in the country, the President is today endeavoring to force a compromise of the Senate dry amendment so that distilled spirits will alone be stopped.

The position of the President is reliably stated to be:

That preemptory action by Congress, abruptly stopping manufacture of all intoxicants, would create uncertainty in business generally—a situation which would not be in the best interest of the country now.

At a time when the young men of the country are being called upon to make great sacrifices, a blow against their personal liberty might result in a spirit of antagonism which might seriously jeopardize war work. In addition, the question of emergency revenue enters into the problem.

As evidence of the effect prohibition might have, administration leaders point to the strike of metal workers at Bayonne, N. J., because they were deprived of their beer.

The President conferred yesterday with Senator Phelan and talked today with Senators Gerry and Martin, Democratic floor leader, urging a modification of the dry amendments as reported from the Senate Agriculture committee.

BY ROBERT J. BENDER
(United Press Staff Correspondent)
WASHINGTON, June 29.—Beer will be saved from the dry fight in Congress.

According to the most dependable informants today, the Senate will exclude malt and vinous liquors from prohibition under the food control bill.

Whiskey is doomed. The attitude of foremost senators makes this outcome inevitable. Meantime, there has been a marked change of sentiment in the House and when the food bill goes to conference with the prohibition clause modified, it is believed the House conferees will not insist on a bone-dry section.

May Veto "Bone-Dry" Bill
If, however, Congress does what now appears impossible and votes absolute prohibition, it is believed President Wilson would veto the bill on the ground that such a measure would not be in the best interest of the public at this time.

A great sympathy for beer and wine has developed in the nation. Literally thousands of letters and telegrams to senators show a preponderance of pro-beer sentiment. Church organizations, however, continue their active work for complete prohibition. There are few kind words for distilled spirits.

United with the Senate dries favoring continuance of wine and beers will be Democrats and Republicans who have sweltered over the war tax bill in committee for weeks in devising means to raise revenue. Most active of these are Senator Lodge, who has opposed including beer and wines in the prohibition section of the food bill, and Senator Simmons, chairman of the finance committee, one of the administration leaders. Behind this "first line" the wets will throw the full strength of their forces. The first vote test on the food bill is expected to come today on Senator Hardwick's motion to send it back to the agriculture committee for further amendment.

Filibuster Test Expected
A test of the possibility of a filibuster against the bill may also begin today when Senator Chamberlain, in

PEACE SANS VICTORY GREATEST DISASTER SAYS LLOYD-GEORGE

Indemnities Essential Part of
Civilization Mechanism
Everywhere

LONDON, June 29.—"Peace before victory would be the greatest disaster in the history of mankind," declared Premier Lloyd-George in an epoch-making speech today.

"Indemnities constitute an essential part of the mechanism of civilization everywhere," he declared.

charge of the bill, endeavored to end discussion of the bill proper and proceed with the introduction of amendments.

If this can be accomplished, a test of the wet and dry strength will be forthcoming almost immediately. Chairman Simmons of the finance committee, or some other prominent member, will move that the whole dry amendment to the war tax bill, prohibiting the making of distilled spirits, suffice as a prohibition step at this time.

Unless the dry amendment is modified all parties in the Senate admit that debate on the food bill will drag on just as long as the wets are of a mind to push it.

Friends of the bill threatened to invoke the new cloture rule—or try to—if an evidence of a filibuster developed.

'SAMMIES' NICKNAME OF PERSHING'S MEN

WASHINGTON, June 29.—General Pershing's fighting men in France have been nicknamed the Sammies—Uncle Sam's boys—and the titles bid fair to stick. It will take its place alongside the Tommies for the British, Polius for the French and Boches for the Germans.

In connection with temporary training behind the lines, the Sammies will learn more than they have previously been taught as to bomb and grenade attacks, the new British bayonet system, and similar developments of modern warfare.

The War Department still awaited today receipt of a full report on the arrival of the Pershing expedition. Thus far it had had only a preliminary report, which was withheld.

SEEKS TO VOID 2ND BANNS WITH EX-WIFE

SAN FRANCISCO, June 29.—Declaring that Mrs. Violet Gerald Kerwin had induced him to marry her six months after they had been divorced by pleading she had never loved another, and then, two days after their second marriage, had left him with the declaration that she never loved him, Major A. R. Kerwin, U. S. A., today is suing for annulment of his second marriage.

The Kerwins re-married two months ago.

RUTH MORGAN'S DEATH PROBED BY POLICE

VENICE, Cal., June 29.—Investigation into the death, supposedly by suicide, of Ruth Morgan, moving picture actress, here Wednesday night, has been instituted by Police Chief Reynolds at the urging of Chief of Police Charles E. Carter of Columbus, Ohio, the actress' former home. Preliminary probe has shown that her husband's name was not Frank Smith, as first believed, but Frank Morgan, an employee of the Illinois Central railroad at Columbus. Particulars were asked from Columbus by Victor Kilburn, actor, and one of Mrs. Morgan's most intimate friends.

BERKELEY DRAFT LIST POSTED BY OFFICIAL

BERKELEY, June 29.—Everyone in Berkeley has a chance to hunt slackers.

City Clerk Briggs has completed and published a list of all who registered for selective service and at each precinct registration booth these lists are being posted today. Citizens reading them only have to report the names of men of military age, not found on the list, and the authorities will do the rest.

WILL GIVE OUT DECISION UPON FREIGHT RATE CASE TONIGHT

After 6 O'clock This Evening
Determination Is to Be
Announced

BULLETIN
WASHINGTON, June 29.—The Interstate Commerce Commission announced late this afternoon that a decision on the 15 per cent increase rate case would be given out shortly after 6 p. m.

CANADA DRAFT TO BE LAW DESPITE THREAT

OTTAWA, Ont., June 29.—Canada's bitterly debated conscription bill is expected to become law despite the threat in Commons from Alphonse Verville, labor member, of a general strike unless the proposed measure is first submitted to the people.

The general feeling is that the bill will pass in the House with from forty to sixty majority and that it will undoubtedly be carried in the upper house.

Verville told Commons organized labor in the United States would support the general Canadian strike, though there would be no strike in the States.

NEW TERMS IN JACK LONDON WILL MADE

OAKLAND, June 29.—Readjustment of the terms under which the estate of Jack London, author, is to be distributed, giving Mrs. Bessie London, the author's first wife, and her two daughters a more liberal share of the property was announced today.

London's will left his two children by his first wife \$25 a month as long as they remain single and an additional amount in life insurance. To his first wife he left \$1 and the use of the London residence in Piedmont. The will then recited that any "additional help they may obtain shall not be from my estate, but from my present wife, Charmion K. London."

FRAUD IS CLAIMED IN L. A. 'SLACKER' CASE

LOS ANGELES, June 29.—Federal investigation into reports that the twins now in the county jail on "slacker" warrants had been substituted for other twins born into the Kopp family, but now dead, is the center today of United States attorneys here, according to Gordon Lawson, assistant U. S. attorney, who is conducting the probe. The twins are Jesse and Edward Kopp, who contend they are below military age.

According to their father, Lawson declares, there were other twins in the family younger than the two brothers charged with "slacking." The family Bible, which purports to establish the age of the young men under arrest, has no record of other twins. Lawson declares the report came to him that the Bible record of twins was really of the deceased youths and that the Kopp brothers are of military age.

Further procedure in the case will be delayed pending investigation into this amazing situation.

GERMAN AT EL MONTE COMMITTS SUICIDE

EL MONTE, Cal., June 29.—The fancied conviction that he was looked upon with enmity by all his old friends because he was torn between natural love for the Fatherland and devotion to the country of his adoption drove August Grietentrag, 50, to commit suicide here today. He cut his throat with a razor.

SAN DIEGO WAR CAMP SITE FINALLY O. K'D

WASHINGTON, June 29.—To quiet the fears of Chillicothe, Ohio, and San Diego, Cal., and silence reports that cantonment camps scheduled to be built near those cities might be constructed elsewhere, the War Department announced today that both sites had been finally affirmed. The Des Moines site is also regularly fixed.

NATIONAL GUARD TROOPS TO BE SENT DIRECT TO SOUTH

Plans Changed, Militia Will
Not Be Held In Northern
Home Quarters

WASHINGTON, June 29.—Shifting its original plans, the war department announced today that instead of holding national guard troops in their home quarters in the north after they are called out, they will be sent directly to southern camps. Calls are arranged for July 15 and 25 and August 5, but it may be necessary to make the general call August 5.

As originally arranged, the national guardmen were to be held in their home quarters for several weeks. Now there will be practically no delay in getting them into southern and south-eastern department camps.

The reason for the possible delay until August 5 is that officers are rated for rank according to the actual time they are in service. Hence, some of the officers commissioned on July 15 for instance, would have an opportunity to get higher ranks than equally efficient officers called later, merely on the strength of seniority.

FRENCH TO BE TAUGHT AT EVERY WAR CAMP

SAN FRANCISCO, June 29.—"Bon Jour, Monsieur. Comment Allez-vous?"

Thus will California national guard officers greet each other in the near future. Orders were received today by national guard units in this vicinity to begin the study of French. The officers were also instructed to detail two men from each company to study. Schools in French will be established in all training camps.

WOULD CHANGE NATURE GARB FOR OLIVE DRAB

SAN FRANCISCO, June 29.—Christian J. Bayer, "caveman of Santa Cruz island," wants to exchange his raiment, which for ten years has been nothing but a girdle, for the olive drab of the army.

Bayer, a Dane by birth, has lived the life of a wild man, alone on the island. Fish and game, killed with crude weapons, have been his food. He appeared in San Francisco today and his application for enlistment is under consideration.

PHYSICAL EDUCATION TEACHERS IN DEMAND

SACRAMENTO, June 29.—Physical education teachers are in great demand in the California high schools, according to Will C. Wood, state high school commissioner. The rush for teachers is occasioned by the new law requiring the teaching of physical culture and kindred subjects for a prescribed period each day in all high schools.

Wood says that many eastern teachers of physical education have made application to the state board for certificates so that they can land positions in California.

BULLETINS

AMSTERDAM, June 29.—Emperor Charles today told representatives of eight Austrian parties that he was striving for peace at the earliest possible date.

WASHINGTON, June 29.—President Wilson this afternoon received his "first papers" as executive head of all the railways. The House gave him power of control of shipping.

PETROGRAD, June 29.—The duma today formally refused the request of a number of elements in Russia that it dissolve on the ground that it was superseded as a representative body by various congresses such as those of the workmen and soldiers and peasants.

The decision not to dissolve was voted at a private meeting of the duma members.

HELLENES GOVERNMENT HOLDS GREECE IS IN WAR, SAYS DISPATCH

Argentine On Verge of Joining
Allies In Conflict
On Kaiser

LONDON, June 29.—That the new government in Greece considers that a state of war exists between Greece and the central powers was asserted in a Reuter dispatch from Athens today.

BUENOS AIRES, June 29.—Argentina appeared likely today to announce a revocation of her neutrality between Germany and the United States within a few hours. Sinking of the Argentine steamship Toro recently by a German submarine has apparently brought the government to a crisis.

Public sentiment here favors following Brazil's course in aligning with the United States.

MONTEREY ARTILLERY CAMP SITE PURCHASED

SAN FRANCISCO, June 29.—Purchase by the War Department of 16,000 acres of land near Monterey from the Jacks estate was announced today. The land to be used as a shooting and practice ground for field artillery.

The purchase of this tract simplifies the problem of securing a cantonment site in the San Francisco bay region as a tract of from 8,000 to 10,000 acres will be sufficient for a camp accommodating approximately 25,000 men if artillery practice grounds are not to be included.

Three cantonment sites in this region are now under consideration by General Liggett, commanding the Western Department. One is at Palo Alto, the second is at Rio Vista and the third near Antioch.

2 TEUTON CONSULS IN NORWAY RESIGN POSTS

CHRISTIANIA, June 29.—The German consuls at Skein and Arendal have resigned, according to a report circulated here today.

Probably the resignations have been due to revelations in the German bomb plot recently discovered in Norway, in which it has been asserted Germany sent secret agents into Norway armed with quantities of bombs and infernal machines. It was asserted at least one of these claimed exemption from examination of his baggage on the ground that he was a German diplomatic agent.

REQUEST TO DISSOLVE REJECTED BY DUMA

PETROGRAD, June 29.—The Duma today formally refused the request of a number of elements in Russia, that it dissolve on the ground that it was superseded as a representative body by various congresses such as those voted at a private meeting of the Duma members.

The decision not to dissolve was of the workmen and soldiers and peasants.

WOULD CUT FIRES BY RESTRICTING HUNTERS

SAN LUIS OBISPO, June 29.—Keep hunters, and campers and trespassers off California farm lands as a means of reducing losses through forest fires and general destructiveness of some people, is the advice of S. J. Love of the Westslope ranch. He declares that campers who abuse their privileges are doing vast damage to crops and feed on grazing lands, particularly by allowing fires to get beyond their control and believes that the way to eliminate this loss is for farmers to prevent all trespassing.

CAPTAIN EDWIN BOOTH EASTERN STAFF CHIEF

SAN FRANCISCO, June 29.—Captain Edwin Booth, aide to General J. Franklin Bell when he was here, has been appointed chief of staff of the Eastern Army Department, according to dispatches received today. He is the only captain to hold the office of chief of staff in any army department.

SUFFRAGETTES, FREED, HAILED AS HEROINES

WASHINGTON, June 29.—Six White House picket suffragettes, freed from a "three-day jolt" in jail this afternoon, were hailed as heroines.

SHIFT IN LENS DASH PIERCES FRONT OF 2000 YARDS AT OPPY

BERLIN, June 29.—The German war office today admits the occupation by the British of "our foremost line of defenses between Oppy and Gavrelle windmills."

LONDON, June 29.—South and southwest of Oppy today Field Marshal Haig struck a sudden and tremendous blow at the German lines, capturing the enemy's forward positions over a front of two thousand yards and gaining the whole objective sought.

The victory was reported in the field marshal's official statement today. "South and southwest of Oppy at night and early this morning we attacked and captured the enemy's forward position along a front of two thousand yards," he asserted. "Our whole objective was gained."

"South of the Souchez river we continue to gain ground on a wide front. We entered Avion, taking further prisoners and six machine guns. The sudden stroke at Oppy is another example of Haig's plan of keeping the enemy guessing by surprise attacks in force. There has been very little fighting around Oppy for weeks. In the last few days seemingly the British have concentrated all their force for the encircling drive around Lens. The Germans probably likewise have been hurriedly massing reserves to defend this coal city."

In this situation the British commander in chief apparently picked one of the vital points in the switch line which connects Drocourt with the so-called Siegfried section of the Hindenburg line for a smashing blow.

Oppy is one of the important links in this switch line. It is one of the foundation points for the whole German line and has been the scene of some tremendous fighting early in the British offensive. The Canadians strove to progress beyond it. The city is about six miles southeast of Lens, so that the operation there may virtually be considered a part of the general assault now being made against the French coal districts.

Avion was reported by United Press dispatches of yesterday from the front to have been taken by the Canadians. It is a suburb of Lens, lying a little below the Souchez river. The "continued gains on a wide front" in this section mentioned by Field Marshal Haig mean fast progress of the British grip around Lens.

Fierce Fighting Before Lens Fall, Is Forecast

LONDON, June 29.—How much of a "strategic retreat" the Germans will announce after the fall of Lens was occupying military strategists today—the fall of the city being accomplished as a foregone conclusion. It was conceded there will be some desperate fighting, prolonged over a number of days, before the coal metropolis succumbs today of further "bites" into the Teutons' positions west and south in the suburbs of the city indicated steady progress.

The belief here is that with Lens gone, Field Marshal Hindenburg will stage another "retreat to prepared positions" along a line running roughly from Zonnebake (fifteen miles north of Lille) down into in front of Lille; thence to Carvin and connecting with the famous Drocourt "switch line" in front of Douai, Cambrai and St. Quentin. From the Drocourt line south the Germans would continue over practically their present front.

The suggested German withdrawal to the north, however, would, it was estimated, release more than 150 square miles of Belgian and French territory to the allies. The retreat would probably be explained away to the German people on the excuse that it would "straighten out the German line." It would, without a doubt, since the lines above Lens have been broken by the British assaults on Vimy ridge and of Messines into an exceedingly jagged series of twigs.

Lens was reported today practically in ruins from both the German scheme of destruction and of the shells from the fighting forces. Ordinarily it is a city of 25,000 population. It is in the center of one of the richest coal fields of Northern France, surrounded by 200 square miles of mines, which, prior to the war yielded 15,000,000 tons of fuel a year.

France, as well as Italy, is direly in need of coal so that victory at Lens would not only be a potent moral one, but likewise most valuable in relieving the shortage in fuel.

GIRL SAYS PHYSICIAN HELD HER PRISONER

NEEDLES, June 29.—Dr. John V. Gaff, 55, prominent physician, stands charged here today with holding Marie Rodriguez, 13, prisoner in his office for seven days and nights.

The little girl is alleged to have told officers that the physician stripped her of her clothing. At night he plied her with liquor, and of days brought her only milk, she declares. That her pet dog led the family searchers to the doctor's office is the allegation of Mrs. Rodriguez.

Dr. Gaff denies all details of the charges. He insists it is a frame-up and his friends are positive the girl is mentally unbalanced. The doctor obtained his release upon \$1500 bail.

WAR CONDITIONS
AT BLACKPOOL
ARE RELATED
BY W. REEVES

S. A. Boy, Base Hospital Unit
Member, Writes Interest-
ing Letter Home

The following letter was received today by Mr. and Mrs. H. H. Reeves of 1802 North Bush street, from their son, Walter, who is a member of the American Base Hospital Unit No. 21: Blackpool, Eng., June 5, 1917.

My Dear Folks:

Today is the seventh since landing in Liverpool and we have been in Blackpool the whole time, with the prospects of remaining a week or ten days longer. This is contrary to our first expectations, based on the routine the other units had gone through, and I do not know why they have made us the exception. The series of changes have been so frequent since leaving St. Louis that to stay in one place a week seems a long time. The whole trip has been like a vacation, so far without even those worries of looking after tickets and baggage which usually accompany a vacation trip. I am ready to start work, however, or at least anxious to get more permanently located and definitely organized, so that our duties will be assigned. I've eaten and slept so much I can almost feel myself grow fat—still I can stand to take on considerable weight for I only weighed 127 pounds when I enlisted, or about fifteen pounds under my weight of two years ago. We are being treated fine, but I will start at the beginning and tell you all that has happened since we arrived. It is all mighty interesting—this first week in a foreign, though not greatly dissimilar country.

Landlady Puts Self Out

Our unit is billeted in groups of 5 to 10 men in regular boarding houses where our meals are also served. There are seven from our unit and ten from the Chicago unit stationed here. The landlady puts herself out to give the Yankee boys what they like. It is rather hard for her to vary the menu very much, for her allowance per man per day is limited and, moreover, it is awfully hard to buy just what one would like to. Breakfast usually consists of bacon, bread and tea. Landlady just showed me the bill providing for the quantities of food and drink to be supplied in billets according to the British army act. You see, all of the billeting is done by the

army and the boarding houses are required to take us in whether they want to or not. For breakfast—5 ounces of bread, one pint of tea with milk and sugar. (One never sees a sugar bowl—everything being sweetened before it is served.) 4 ounces of bacon. For hot dinner—12 ounces of meat, 6 ounces of bread, 8 ounces of potatoes or other vegetables. Potatoes and sugar are quite scarce and one does not ordinarily get either. Our landlady seems to know where to get potatoes, however, and we have had them quite often. For supper—5 ounces of bread, 1 pint of tea, 2 ounces of cheese. This schedule may be varied by certain equivalents. You see breakfast and supper or "tea" are light meals and dinner is the heavy one. Tea is practically the only beverage used. This schedule provides for enough food but as a matter of fact I think we have been given more than the allowance provides for and in addition we have been dropping in a cafe quite regularly for a fourth meal after the theater.

Nearly Everything Cheap

Almost everything is as cheap, more often cheaper, than one would find it in the States—foodstuffs included. This is rather surprising, but a fact. A hearty meal can be obtained in a first-class cafe here for 1 shilling 2 pence—about 30 cents, and the same meal in a cafe of similar standard in America could not be obtained for less than 50 cents or 75 cents. A seat in the stalls, corresponding to our orchestra circle, costs 1 shilling and 6 pence, or about 36 cents, scarcely more than our movies cost.

We had quite a time the first few days figuring in English money, and in window shopping in order to see how their prices compared with ours. We've grown accustomed to most all the little customs peculiar to this country. For instance, all vehicles turn to the left rather than to the right. That seemed very odd at first, but the thing that struck me most and still does, is the fact that they have bar maids almost all together and worse, women line up alongside men and drink their liquor at the bar. Smoking among women is also quite common, though seldom done on the streets. As a matter of fact, everything is very much freer than in America, not only in war times, but in peace time, as well, so I am told.

Blackpool Winter Resort

Blackpool is a winter resort and, as I've already mentioned, I believe, is very similar to Long Beach in many respects. The buildings themselves, of course, are different, all being made of brick on the old English style. They do not know what wooden buildings are. I asked the landlady last night if there were any wooden houses anywhere in Blackpool and I had to explain to her what a wooden house was. She had never seen one.

Everything is scrupulously clean and neat about the English home, or at least they seem so in contrast to the house in St. Louis. Still after one has looked at them a few times they begin to get about as monotonous as the long rows of closely built-in houses did in St. Louis and cannot be compared with our California bungalows—no siree! The surrounding country is awfully pretty though—so green and well tended to. The roads are good, the fields are small and everything is lined by low, well trimmed hedges, which makes it look very pretty.

Many Soldiers

There are a great many soldiers quartered here in Blackpool. All of them, with the exception of convalescent and invalid soldiers, belong to the medical corps or R. A. M. C. There are three American units here at present, from Philadelphia, Chicago and St. Louis. The Chicago unit came in early Sunday morning, and as you know, the Philadelphia unit came over on the same boat with us. We see uniforms representing several countries, such as America, England, including the killed Scottish, France, Belgium, Canada, Australia, etc., but we never see any Germans. There are a great many convalescents who have served from one month to two years in the trenches, but it is rather hard to get them to talk much about the trenches, except that they say the life there and the fighting is not near as awful as the papers commonly picture it. They do not appear to have any dread about going back when the time comes.

I just now heard a rumor that we leave some time tomorrow and that our destination is Egypt, but I think there is no doubt but what we will go to France, to the Base Hospital in Rouen. I hope we go tomorrow, however. Our training so far, has consisted almost entirely of military drill, regular infantry drill formation. In addition we have had a couple of lectures on first aid and hospital duties, a few stretcher drills and demonstrations of the use and application of various gases and gas protectors such as are used in the trenches. The latter was new to all of us and very interesting.

Little News From U. S.

We have had but very little news from America and as yet no letters at all. The newspapers here are certainly inferior to our own, though that may be due to the strict censorship. I imagine we know less about what is going on than you do. In case you care to send packages at any time, I think they will reach me if not too bulky. I haven't anything in mind that I need just now, but just mention it in passing.

We spend our time from 8:30 to about 4:30 drilling or resting between drills, the remainder of the time is our own for sightseeing or what ever we care to do, just so we are in by 10:30. They have not been at all strict with us so far. It is daylight all the time we are up; even at 10:30 it is light enough for reading or writing and so it is again by 4:30 in the morning. Yesterday they gave us the rest of our equipment, including the new army pack, which is about the neatest thing of its kind I ever saw and is certainly far superior for carrying the army equipment than the old pack. The government certainly clothes its men in good shape.

I think of all of you often and wonder how you are getting along so far away. I suppose you are thinking the same about me. I am seeing a great many new things and enjoying myself immensely and will have a great deal to tell you when I get back. Please remember me to everyone.

Good night,

WALT.

PATTON WILL GO
TO GRAND LODGE
OF ELKS AT
BOSTON

California Delegates Will De-
part Over Salt Lake
Next Monday

Dr. M. A. Patton, Past Exalted Ruler, will represent the Santa Ana Lodge of Elks at the Grand Lodge of Elks to be held in Boston, and will leave Los Angeles Monday over the Salt Lake.

California delegates will have one or two special Pullman cars assigned to them, the number of cars depending on the number which go to the Grand Lodge from this state. It is expected between seventy-five and eighty men will avail themselves of the opportunity to see the "big guns" of Elksdom in action. One of the special stopovers will be at Niagara Falls, where over four hours will be devoted to sight-seeing trips.

Representatives of the railroads interested will accompany the party to assist in making the trip a pleasant one.

Mrs. "Gavvy" Cravath will go East on the train carrying the Elks and will visit her husband for several months.

FIND NO CLEW
IN SEARCH FOR
CRUZ'S SLAYER

Officers Unable to Learn
Which of Detective's En-
emies Fired Fatal Shot

According to the officers, Jose Cruz might have been killed by any one of a dozen different men who have at various times threatened to kill him.

While the officers have gone over the situation carefully they have been unable to find any ground for suspecting any particular person, let alone finding ground for making an arrest.

Jose Cruz was killed by someone who shot him from the back. That much was known yesterday. The only additional information secured up to today came from the autopsy, which developed that the bullet was a steel-jacketed .38-caliber bullet. The shot entered at the base of the neck and ranged forward to the right side of the jaw. The spinal cord was cut by the bullet.

Coroner Winbiger began the inquest this afternoon at 2:30 o'clock. It is not believed that any new evidence of consequence will be disclosed.

Today Attorney M. A. Cain filed the will of Jose Cruz, who undoubtedly was killed because he kept officers informed of the misdeeds of unruly Mexicans. The estate, valued at \$350, is left to Cruz's mother, Jermana Hernandez, and in case of her death to his sisters, all of whom are supposed to be living in or near San Miguel, Jalisco, Mex. In case none of them can be found the estate is to go to Miss Reyes Herrera of Delhi. The will was written on December 17, 1915, and was witnessed by W. W. Simon and C. I. Pond.

PLAYGROUNDS NEED
GAMES AND TABLES
IN THE EQUIPMENT

Committee Offers Opportu-
nity For Others to Help In
Summer Plans

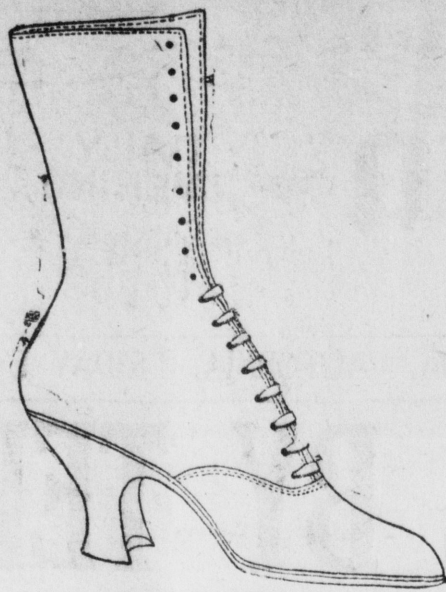

The Playgrounds committee of the Santa Ana Parent-Teacher Association will welcome the co-operation of persons who desire to help the committee in making arrangements for the equipment of the playgrounds for children, which will open for the summer next Tuesday, one playground being at Lincoln school and the other at the high school.

Games of various kinds, including one or two croquet sets, are needed. A number of small tables at which the children can sit and play games are also upon the list of articles that will be wanted. Some big beach umbrellas can be used at the high school grounds.

Sam Stein has given the committee a goodly quantity of dominoes, checkers, flinch and other games.

Any person having games or other articles to add to the equipment should notify Mrs. J. R. Baker, the

JOINS RED CROSS

MARSHFIELD, Ore., June 21.—Too old to fight, he says, but still young enough to do his part in the world war, Wm. J. Smith, 93 years old, who earns his living by selling eggs from a few hens, has joined the Red Cross and is making every effort to raise funds for the organization.

MEX. LIEUTENANT SLAIN

LONDON, June 21.—So far as known, the first Mexican to fall for the Allies was Lieut. Juan Aldana, who was killed in the fighting east of Arras. He rose from the ranks.

PASTORS IN FOOD BATTLE

CHICAGO, June 21.—Two hundred Chicago pastors mixed the saving of souls with the saving of spuds when they made a plea to their congregations to refrain from eating seed potatoes until the spring planting is over.

HARDT CASH, RECRUIT, SOUND
ST. LOUIS, Mo., June 21.—Hardt Cash of Bonne Terre, Mo., was examined for the marine corps at the local recruiting station here. "Sound as a dollar," was the doctor's verdict.

PLUNGES TO DEATH
BUFFALO, N. Y., June 21.—A hydro-aeroplane dropped on an automobile in a crowded street here, killing the pilot of the watercraft and badly injuring Seymour H. Knox, Jr. of Yale, multi-millionaire student.

SPITS ON FLAG; FINED

DE KALB, June 21.—A Rochelle milkman named Berg thought it a good joke to spit tobacco juice on the flags of his patriotic customers. He is now working out a \$200 fine for an English boss.

For long life there is nothing so good as cheerfulness and a capacity for getting a little innocent fun out of one's surroundings.

The Radiant-fire heater is designed for installation in your open fireplace. No soot for the housewife to clean up, no coal to carry, no bother. Simply light The Radiant Fire and healthful, satisfying warmth is yours. See the Gas Company's salesman today.

GIANT BUSINESS BOOM IS ON IN GOTHAM, SAYS MAYOR VISEL

Council President Glad to Get Back to Santa Ana After Business Trip

"It's wonderful, simply wonderful." This was the expression used today by Mayor Visel when he tried to convey an idea of the impression that had been made upon him by the hustle and bustle of the gigantic commercial activities he found in New York, when he has just returned after a business visit of several weeks.

"Yes, I am glad to get back," said the Mayor. "There is no place like California and home. Santa Ana looks good to me, though it strikes me as being very dull, with so few people on the streets; but may be it's because I just come from the great city."

"No—one one talks war in New York. Everybody is busy. Help is scarce and has been for more than two years. Men of affairs told me that six months after the outbreak of the war in 1914, more than half a million men sailed to join their various colors and, there being only a minimum emigration from Italy, labor was made scarce."

"Yes, business of all kinds in the East is booming and has been for two years. Report says hundreds of new millionaires have been made and many hundreds more will be made if the war continues."

"Odd, we haven't even felt the first impulse here of the great eastern business activity. But it is bound to come sooner or later."

"The weather was fine. June is their month for roses, and they were out in all their glory, to say nothing of the beautiful soft green grass. The trees look wonderfully green and attractive. New York city and its surroundings is really a favored locality, being only six miles from the ocean on a five-cent fare."

TOOLS STUCK IN NEW WELL FOR S. A. V. I. CO.

Irrigation Supply Two or Three Heads Less Than This Time Last Year

The Santa Ana Valley Irrigation Company is now distributing 17½ heads of water, less than half of which is coming down the Santa Ana river. The amount is two or three heads less than at this time last season. The balance is being developed from the four pumps now in operation. The water from the two sources will probably be decreased three heads before the summer is over, with probability of this loss being partially overcome by the addition of another well which is now being bored.

The four pumping plants of the company are running continuously to keep up the flow and to meet the heavy demand at this season of the year. It is estimated that about eight heads are being developed by the pumps, with about seven heads flowing from the river.

The wells under pump have not shown any decrease since starting, but it is expected that the total will be cut at least one and a half heads through the summer. The same loss will come from a decrease in the flow of the river.

A new well is being bored on the True place recently acquired by the company. The pumping equipment has already been placed in position in anticipation of an early completion of the well. However, misfortune has overtaken the driller. The well is down 42 feet, with the tools stuck.

A good well of water is expected at 80 feet, but the length of time it will take the driller to recover his tools and finish his job is problematical. When the new well is put on the pump it is expected to augment the summer supply by 150 or 200 inches.

The company expended about \$15,000 since last summer in converting dirt ditches into cement ditches.

CONSTIPATION CAUSES SERIOUS ILLS

"Let me see your tongue," is the doctor's first question. When the tongue is coated it means sluggish bowels, and you invite not only headaches, indigestion, but serious ill-health. Avoid those dangers by taking Dr. King's New Life Pills. They are sugar coated, highly efficient, yet mild and easy in action, pleasant to take by young, aged or delicate. Sold for years at your druggist's, 25c.

Let the Gas Company convert your coal furnace into a modern Gas Furnace. No wood or coal to carry, no soot to clean out. Natural Gas does away with the work and worry.

SEDGWICK POST AND AUXILIARIES TO ATTEND SERVICES

Invited to Patriotic Address By Judge Thomas at First Methodist Church Sunday Morning

Members of the G. A. R., W. R. C., Ladies of the G. A. R. and Daughters of Veterans will attend patriotic services at the First M. E. church Sunday morning at 11 o'clock. H. F. Stone, adjutant of Sedgwick Post, requests that members of these organizations meet in front of G. A. R. hall at 10:45 and march to the church.

Sunday has been designated by President Wilson as "Food Conservation Sunday," and has requested ministers throughout the United States to make their services of a patriotic nature, with an appeal to the members to conserve all food possible.

Judge W. H. Thomas will deliver the address at the Methodist church Sunday morning. Boy Scouts of the church will also attend.

WORK ON BIOLOGY AT LAGUNA STARTS

LAGUNA BEACH, June 29.—Following its opening this week, the summer school of the Laguna Beach Biological Laboratory of Pomona College is today launched into its summer's work, a considerable number of students attending.

The regular courses will continue six weeks, though the laboratory will be open all summer.

Zoology is being taught by William A. Hilton, director of Pomona College, and by Dr. R. V. Chamberlain, Harvard University Museum of Comparative Zoology. Entomology is being taught by E. O. Essig, department of entomology, University of California. Scientific drawing is being taught by Anna A. Hills.

The study of marine invertebrates is included in the courses on zoology. Other studies include general entomology, general biology, ecology, nature study, mammalian embryology. In addition special field and laboratory work and scientific drawing is being taught.

For satisfaction in canning berries and preserving fruit this month, use Natural Gas.

SATURDAY WILL BE THE BIG DAY OF SEBASTIAN'S BOOSTER SALE

SEGREGATE MEXICANS

The efforts of the Santa Ana School Board to establish a school exclusively for Mexican children will meet with the decided approval of all patrons of the Santa Ana schools. Such a school may well be classed as a necessity. The presence of a large number of Mexican children, most of whom are deficient in their knowledge of our language, is a decided handicap to any class. The Mexican children cannot make the progress they ought to make, and they hinder the rest of the class from making the progress that they ought. Only the ingenuity, devotion and hard work of the teachers of the schools that are attended by Mexicans in any considerable numbers has prevented the standard of work of those schools from depreciating. That there should be segregation in the lower grades is a question that in the minds of the teachers of our schools is hardly debatable. Experience has left no doubt in their minds as to what ought to be done. The welfare of the Mexican pupils and the welfare of our own children will be best served by placing the Mexicans in a school by themselves, at least until the Mexicans have learned those fundamentals in which a large proportion of them are lacking. Chief among those fundamentals is a working knowledge of the English language.

In its proposal to put on a special tax to provide the needed school, the Board of Education will have the backing of the patrons of our schools and of the citizens generally. Segregation is something that is necessary for the good of our schools, and what is for the good of our schools we must have if the price is within reason.

FOREIGN SIGNS AT HOME

An American traveler in Japan writes to friends here of the queer signs found over the doors of many of the Japanese shops. Japanese merchants frequently put up signs in English, considering it a mark of progressiveness. Naturally, most of these signs have been evolved by translating the Japanese idea into English words. The results are logical but "funny."

For instance, there is the sign over the raincoat-maker's doorway, "Tailor of Resistant Wet Coat." Another, "Tailor, Prevention of Wet Coat." Then there's the candid express company that advertises, "We send your baggage in every direction." Two laundries have these signs respectively, "This laundry wash particular and rapidly," and "Foreigners washed with celerity and rapidity." An employment agency cheerfully calls itself a "Paradise for Position Hunters." The last word in barber-shop efficiency is expressed by one expert who labels himself "Authority of Barbers."

Americans have laughed at these signs so much that the sensitive Japanese are taking them down and going cautiously before they put others up. Inasmuch as they probably laugh at some of our foibles, we may perhaps laugh at them with clear consciences. But why go out of our way to laugh at their affectation? Don't we think the shop in our own cities that labels itself "Parisienne" is a little smarter than the one that talks plain English? A "suite tailleur"—whatever that may be—arouses admiration quicker than a tailor-made suit. At least, it's supposed to do so. A "chapeau" for the "jeune fille" may be as inartistic as any other hat, but the young woman who buys it is sure that she has a prize. The Japanese have simply done their foreign language sign business a little more completely than we have.

FEDERAL FOOD CONTROL

No obstacle that has appeared in the conduct of our war preparations has been more surprising than the opposition of various members of Congress to federal food control. A fairly adequate control measure now seems assured, and the legislative crisis is past, but it will be long before the public forgets the incomprehensible lack of patriotism and common sense shown by many of their representatives at Washington.

It is natural, perhaps, that numerous business interests which have

been reaping fortunes out of the food necessities of their fellow countrymen and the allied nations should want to continue their extortion. Until the millennium comes there will be men who prefer to use their brains and money for selfish rather than patriotic and humanitarian ends, and we have found more than the usual quantity of them in the various branches of the food business.

It is natural enough, too, that some of the aliens and pro-German citizens in this country should surreptitiously use their influence to oppose the proper organization of our food industries, for the sake of crippling our war efficiency. But it is incredible that so many of our senators and representatives should have lent themselves, knowingly or unknowingly, to support these enemies of their country in so vital a test of intelligent patriotism.

The control of our food supply, as Mr. Hoover rightly says, is "necessary to win the war."

And may the prevention of food corners be one of the things instituted by the war that shall continue on after the war is over. There is no reason why the government in time of peace should not protect its common people against the depredations of financial pirates.

With Malice Toward None

By Henry James

Bliking the Erring
The fact transpires that certain lawyers have the habit of taking money from women who have been arrested, and doing nothing in return.

It is not possible to place a very high estimate upon women of the particular class in mind, and yet there is a possibility that they have been unfortunate rather than vicious, and that some elements of good may remain in them.

As to the lawyers who victimize them, nothing of this sort may be said. They are bad clear through, and though there is no chance of reforming them, there ought to be a fair chance of causing them to cease being lawyers.

Now We'll Know
Kansas is to have a state manager. At last somebody is going to be in a position to answer the familiar question, "What's the matter with Kansas?"

Vanished Days
In recording the death of a fine old woman, most of whose eighty-seven years had been passed as an actress, a commentator mentions "the days when the stage was an artistic feature of life."

What is it now? Not wholly a matter of Chaplin spasms on a screen, it is to be hoped.

Mere Trifle
Courts have ordered a movie star to pay alimony of \$110 a week. Such a trifle never would be missed by a real movie star, and it might be very comforting to the lady.

Curing Consumption
Now they intend to extract from shell fish a cure for tuberculosis. If it is there, hope they get it. Meanwhile the remedy constituted of fresh air and decent food, a plenty of both, is worth sticking to for the present.

Philadelphia Really Slow
In response to the call for purchase of Liberty bonds Philadelphia is way behind Cleveland. So in some respects the Quaker City must be regarded as slow after all.

Patriotic, though, all right. Observe how it cherishes the old bell.

Cutting Salaries
The salaries of Pacific Coast baseball players have been cut. As the players look over the scores and figure their averages they must be grateful and surprised to realize that nothing harsher than a cut happened to salaries.

The Particular Slacker
A man in a county jail for having intrigued against registration declares that he does not like his quarters, and wants to be transferred to McNeill's Island "so he may see new faces, have a pleasant journey and make a new home."

Probably the country is not much concerned as to his making a new home. In fact, he should be forced to go to the old one whence he came on some foreign strand.

But the fellow's nerve is little less than sublime.

Father's Day
The sixteenth of June was Father's day, but father never knew it.

It was like any other old day to him, and he got out and hustled as usual.

We Should Worry
Diamonds are going to be higher.

Whoo. Emma
At this writing Emma Goldman is in jail. Also her pal, Alexander Berkman.

Neither member of this precious duo is in a suitable environment when having a liberty they do not appreciate.

Devout hope that the close of the war shall find Emma and Alexander under lock and key is a natural emotion among Americans, to all of whose institutions and beliefs these persons are alien enemies.

Neutrality
Norway is neutral because afraid to be otherwise, and its ships are being sunk faster than if she were the declared enemy of the assassins and pirates harassing her.

With spunk enough to declare herself she would have the right to arm her ships and might pot at least an occasional U-boat.

LADIES' TAILORING
Special reduced prices until July 20. Have your suit tailored to your individual figure. Select materials and style wanted and have it made by an experienced tailor. Perfect fit and correct style offset the slight difference in cost between a tailor-made and an ill-fitting ready-made garment. Chas. Land, 109 East Third St. Phone 1350.

How about a Straw or Panama?

Brief Underwear—Soft Shirt—Soft Collars?

W. A. HUFF CO.

Analysis of County Finances

BY TAXPAYERS' ASSOCIATION OF CALIFORNIA.

County Receipts Per Capita

(ARTICLE NO. 2)

Del Norte county, with a population of 2,733 as shown by the Controller's figures, has higher per capita receipts from general taxes than any other county in California. Alpine, with a population of 198, is a close second.

At the other end of the scale, San Bernardino, with a population of 76,488, in 1916 had the lowest per capita receipts from general taxes. Then, in order, the low per capita counties were: Marin (pop. 29,663), Fresno (pop. 117,580), Nevada (pop. 14,137), Los Angeles (pop. 771,247), and Santa Clara (pop. 97,873).

Thirty-six counties last year received money from the sale of bonds. From this source Kings county received the highest per capita, \$29.83. Ventura received \$22.65 per capita from bond sales, and Kern county \$20.57. In the other counties the per capita was smaller.

The thirty-six counties referred to, through the sale of bonds last year, received \$3.44 for every man, woman and child in California, excluding San Francisco.

Subventions and money grants to counties (largely involving school money) made total receipts equal to \$2.76 for every individual in the state, excepting the people of San Francisco.

Total receipts of 57 counties, excluding San Francisco, amounted to \$27.78 per capita for their combined populations, of which amount, through agency transactions, these counties received \$1.05 per head for the state, \$7.21 for districts and 63 cents per head for municipalities.

CANNING LESSONS

Blanching of vegetables removes excessive acids and improves the flavor as well as causing some shrinkage which will enable a larger quantity to be packed in a container, says the bulletin from the National Emergency Food Garden Commission of Washington, which is co-operating with this paper in a nation-wide campaign against waste and for the conservation of the food supply.

The blanching, the bulletin continues, and cold dip causes vegetables to retain their original color which of course enhances their appearance. The commission wishes to point out

The effect of music on animals was once tested by a violinist in a Berlin menagerie. The influence of the violin was greatest on the puma, which became much excited when quick time was played, but was soothed by slower music. Wolves showed an appreciative interest. Lions and hyenas were terrified, leopards were unconcerned, and monkeys stared in wonder at the performer.

"I see there's some talk in this state upon the question of abolishing capital punishment. Would you vote to abolish it?"

"I would not," was the decided reply of the old chap. "Capital punishment was good enough for my ancestors, and it's good enough for me."—Everybody's Magazine.

The seats on a recently patented sightseeing automobile are slowly revolved as the vehicle moves, permitting passengers to see both sides of a street without twisting their necks.

To help an automobile get out of a mud hole an inventor has patented a series of flexibly joined strips that form a roadway when laid in front of a wheel.

To prevent the loss of muckilage by drying an inventor has made it in both stick and book form, permitting the use of only as much as may be needed at a time.

For billiard parlors there has been invented apparatus operated by clockwork to record the time a table is in use and the number of games played in a given period.

Subjecting a secret chemical solution to ultraviolet rays from sunlight, a Danish scientist claims to have invented an economical method for producing electricity.

Among the new appliances to help a person to learn to swim is a combination of three metal buoys, each resembling a pair of pie plates with their edges fastened together.

HIGH SCHOOL HEADS IN STATE SHIFTED

SACRAMENTO, June 29.—Will C. Wood, state high school commissioner, has announced the changes in high school principalships to become effective at the beginning of the next school term. San Joaquin valley shifted its principals more than any other part of the state.

The following changes have been reported in the San Joaquin valley: Ceres, August Grimm succeeds T. L. Brecheen; Clovis, T. L. Brecheen succeeds P. H. Benson; Dinuba, J. A. Hensley succeeds Charles Carrigan; Turlock, J. P. Ratzel succeeds W. E. Hester; Woodlake, Walter M. Smith succeeds C. J. Walker; Fresno, Walter O. Smith succeeds Frederick Liddeke; Modesto, M. Fauchit succeeds J. C. Templeton.

Other changes are: Brantwood, T. J. Roessman succeeds James E. Webb; Dixon, W. H. Hooker succeeds George L. Unnewehr; Elk Grove, L. E. Richards succeeds A. W. Armitage; Esparto, L. R. Switzer succeeds Mrs. Josephine Shute; Ferndale, C. P. Finger succeeds A. G. Grant; Roseville, A. G. Grant succeeds W. H. Masters; Ukiah, Irving M. Brazier succeeds C. Schoer, Jr.; Healdsburg, C. Schoer, Jr., succeeds H. R. Bull; Williams, Leroy Nichols succeeds W. A. Doron; Gonzales, Bert M. Carner succeeds Duncan Stirling; Placerville, W. J. Grimes succeeds D. B. Dill; Concord, Miss Bertha Romaine succeeds Roger S. Phelps.

Dr. John H. Molineaux, principal of the Lincoln high school, has resigned to become dean of the Junior College at Eureka. Jerome Cross, principal of the Pasadena high school, has been elected city superintendent at Fresno. Roger S. Phelps succeeds D. R. Jones as city superintendent of San Rafael. Delbert Brunton, principal of the Orange high school, has been granted a major's commission in the army.

U. S. AMBULANCE MEN CITED FOR COURAGE

PARIS, June 29.—Section Thirteen of the American Ambulance Corps was today formally cited in orders of the day for "great courage and self-possession, especially on May 25 when they evacuated wounded under heavy fire."

The orders mentions two Americans who were wounded while rescuing injured under fire.

SUNDAY SCHOOL CLASSES ARE ENTERTAINED

GARDEN GROVE, June 29.—Miss Esther Hedstrom entertained Sunday school classes three and four of which she and Miss Goldie Mayhew are teachers, at her home Wednesday afternoon. The afternoon passed all too quickly with games and delicious refreshments served by the charming hostess.

The Tuesday afternoon club met in closing session at the home of Mrs. J. D. Price. Responses to roll call by quotations from Jene Stratton Porter were very interesting. Mrs. R. M. Fay gave a thesis on the life of Jene Stratton Porter which was well given. A book review by Mrs. J. Allan Knapp was ably discussed in her pleasing way. The members of the club were joined by their husbands and went to Orange County Park for the annual picnic and weiner bake. Mrs. R. M. Fay was chairman of the refreshment committee and the tables were temptingly spread with the luncheon which had been so carefully prepared. National colors were used for decorations.

This closes a very delightful club year. The president, Mrs. Charles M. Evans has been untiring in her efforts to make the year's work a success and each one has aided in every way possible. Mrs. Evans was re-elected for another year and the endeavor which characterized the past year's work will also fill the coming year with interest and pleasure.

The Happy Workers of the Presbyterian church of Westminster met Wednesday at the home of Mrs. Philip Simon in Garden Grove.

Twelve o'clock luncheon was served. Owing to the resignation of both president and vice-president as each is moving away, Mrs. Wright was elected president and Mrs. Paul Swayze vice-president. The afternoon passed very pleasantly with needlework. The entertainment for which they have been planning will be held at the Westminster school house Friday evening. Everyone is cordially invited to attend. A good program has been arranged, so come

and bring your neighbor.

Miss Marion Marsh returned Sunday from a few days' visit to her cousin, Miss Violet Cook, at Anaheim, who accompanied her home and visited until Wednesday.

D. M. Williams and family of Ventura, are visiting at the home of his brother John Williams. D. M. is just out of the California hospital at Los Angeles where he had an operation performed on his neck.

Mrs. M. E. Brown and daughter Mrs. Davies and little son, Robert, returned Monday from a visit of ten days at the home of Mrs. Brown's son, W. Hinman, at Escondido. They were accompanied home by Mr. and Mrs. Hinman and children who visited until Thursday.

Mr. and Mrs. M. L. Cramer were week-end visitors at the home of Mrs. Cramer's parents at Redlands.

STATE APPLE GROWERS MEET AT WATSONVILLE

SACRAMENTO, June 29.—George P. Weldon, assistant state horticultural commissioner, has called meetings of state apple growers to be held at Watsonville June 28 and at Sebastopol June 29 for the purpose of arranging for the season's inspection of apples under the new standardization act passed by the recent legislature. Weldon says that under the system to be worked out all apples shipped from the state this year will have been inspected before leaving.

COLTON GOES INTO PROHIBITION COLUMN

COLTON, June 29.—Colton voted dry yesterday in a city election upon a prohibition ordinance when the law carried 565 to 549, according to complete returns announced today. The saloons will close July 1. San Bernardino grog shops close July 1. This will make the town of Needles, on the desert, the only wet town in San Bernardino county, the biggest in the world.

The cloth woven by the ancient Egyptians was so durable that, though it has been used for thousands of years as wrappings of the mummies, the Arabs of today can wear it. It is all of linen, the ancient Egyptians considering wool unclean.

A Michigan inventor has patented a crane to be attached to any wagon to enable one man to pick up a can of ashes or garbage along a curb and empty it into the wagon.

SOCIETY

FOR HEADQUARTERS

Women's Council of Defense
Temporarily Located At
S. A. Produce Co.

The executive committee of the Orange County Women's Council of Defense will open temporary headquarters at the Santa Ana Produce Company's store, 311 North Main street, on Monday, July 2.

An urgent request from the state executive committee relative to registering the women of the county made it necessary to have a central office for this work.

The above action was taken at the meeting of the county executive committee, held yesterday at the city hall. Plans were discussed for financing the work of the Council of Defense; also the question of having a demonstrator from the State University give a week's service in different sections of the county.

Mrs. W. L. Deimling, southern district chairman of industry and social conditions, was appointed to have charge of this work in the council, as it is the policy of this organization to avoid overlapping in any branch of their work.

The following chairmen reported progress in organizing in their respective districts: No. 1, Mrs. W. A. Patterson; No. 2, Mrs. J. G. Dunn; No. 3, Mrs. Carrie J. Drake; No. 5, Mrs. S. W. Stanley.

The secretary was instructed to send a letter of thanks to the Chamber of Commerce for its kindness in financing the food demonstration given at the Intermediate school building on Monday, June 25.

Hermosa's Official Entertainment
Members of the Eastern Star are looking forward with much pleasure and expectation to next Monday evening, July 2, when the officers will entertain the members of the order, their special guests being the members and visiting members of Santa Ana Commandery No. 36, together with their wives.

A fine program has been prepared, along patriotic lines, and a full piece orchestra will play national airs while Uncle Sam, Columbia and the George and Martha Washingtons are welcoming the Sir Knights and their ladies, after the custom of the colonial days of 1776.

Hermosa Chapter has accepted the honor of an invitation from Hollywood Chapter to put on the work up on the evening of July 9, when Miss Florence Bowes, daughter of Past Grand Matron Maud E. Bowes, will receive the degrees. A large number of members are planning upon accompanying the officers upon this trip.

TRIP TO PARK

Kenneth Horton Surprised on Birthday By Company of Friends for Wiener Bake

A jolly company of friends of Kenneth Horton of Cypress avenue gathered at his home last evening, surprising him very agreeably. The day marked his seventeenth birthday anniversary and after greetings had been exchanged, the party boarded automobiles and made a trip to Orange County Park.

Many good things to eat had been part of the luggage and a wiener bake was enjoyed and later ice cream and cake served.

The party was composed of Mr. and Mrs. D. B. Horton, Mr. and Mrs. L. L. Trickey, Mr. and Mrs. George Cockings, Misses Holly Lash, Dorothy Hendry, Mildred Ward, Blossom Ward, Marie Golden and Donna Horton; Messrs. Orlyn Robertson, Donald Smith, Waldo Wehrly, Carrol Stevens, Kenneth Horton, Joe Kelly, Dick Cockings and Bobbie Horton.

PLAYED FIVE HUNDRED

Mrs. J. P. Browne Hostess at Clever Function at Her Home Yesterday

Taking a patriotic keynote as the basis of her preparations, Mrs. James P. Browne beautifully decorated her home yesterday afternoon for the reception of a small company of her friends.

Scarlet geraniums, Shasta daisies and larkspur were worked into red, white and blue decorations and five hundred was the game selected for pleasant diversion during the afternoon hours. A prize of a box of delicious chocolates went to Mrs. J. W. Norton and the consolation of a pack of cards to Mrs. W. O. Hill.

During the afternoon Mrs. Browne was gracefully assisted by her charming niece, Miss Dorothy Newman, who also pleased the guests with instrumental numbers on the piano.

When the guests were called to the dining room, several moments were passed in admiring the beautiful sight. The center piece was artistically fashioned of the colored flowers, from the pinnacle of which waved the Stars and Stripes. The place cards held the miniature banners and throughout the delicious four-course collation, the red, white and blue was apparent.

Besides the hostess and Miss Newman, there were present Messrs. W. O. Hill, J. W. Norton, J. E. Nelson, F. F. Trickey, Mollie Tyrrell, H. Enderlie, E. L. Prothero, Bertha R. Brewster of Pomona, and Miss Dora Anderson.

Eastern Star Picnic

There will be an Eastern Star picnic at Arroyo Seco Park for all Eastern Stars of Southern California and their friends July 4. Take the San Fernando road to Tronico and follow the arrows "Eastern Star Picnic."

Several auto loads are planning to go from Santa Ana.

There is beauty, convenience and economy in an Eclipse Cabinet Gas Range. New line of stoves at the Gas Office.

STAUTS-FULTON

Young People Plight Troth Wednesday At Impressive Church Wedding

Miss Katherine Straus, daughter of Mr. and Mrs. J. F. Straus of Los Angeles, and Howard Fulton, son of Mr. and Mrs. John Fulton, were married Wednesday evening at nine o'clock at the Church of the Re-organized Latter Day Saints, in the presence of about 100 relatives and friends. Elder T. W. Williams of Los Angeles officiated at the impressive ceremony.

The church auditorium was prettily decorated with Shasta daisies and ferns and as the bridal party entered Miss Mamie Burton played Mendelssohn's wedding march, the Andrist orchestra playing softly during the reading of the service.

The bridal party was headed by tiny Miss Hawthorne Hunter with the golden circlet in a wee basket and followed by the winsome flower maids, Marie Mitchell and Pearl Fulton, sister of the groom, all clad in crisp white.

The bridesmaid was Miss Laura Burton, wearing white taffeta and carrying pink carnations, the groom being attended by his brother, Bert Fulton.

The bride was charmingly gowned in white crepe de chine and carried a shower of white carnations and maiden-hair ferns.

A reception followed the ceremony and refreshments were served in the basement dining room, where the decorations were carried out in pink and green, pink carnations and ferns being artistically blended.

Mr. Fulton is in the employ of the Pacific Electric railway company in Los Angeles and will take his bride there to reside, after their wedding trip.

Entertains Club

Mrs. Arthur Swarts was hostess to the Borean Sewing Club of the United Presbyterian Sabbath school yesterday afternoon at her home on Hickey street.

Needlework and conversation occupied the afternoon hours and delicious iced tea with cake was served by the hostess before the departure of the guests.

The ladies present, besides the hostess, were Meses Frank Adamson, J. R. Baker, J. W. Hancock, John Pfeifer, John McAuley, L. McCracken, Arthur McFadden, Joe Thompson, Frank Todd, Scott Torrens, Martin Warren and Harry Warner.

HOME WEDDING

Miss Marie Gutzweiler and F. C. Blauer Married Yesterday At Bride's Home

One of the prettiest home weddings of the merry month of June was solemnized yesterday at 3 o'clock, at the home of Mr. and Mrs. J. P. Gutzweiler, when their daughter, Miss Marie, became the winsome bride of Fred C. Blauer.

The wedding was a very quiet one on account of the illness of the bride's mother, and the marriage service was read in her room, where she has been confined to her bed for the past six years. In one corner of the bedroom had been erected a beautiful arch extending from floor to ceiling and fashioned of asparagus ferns, studded with the golden blossoms of the scented Scotch broom in shower form. In the center of the arch floated a huge bow of white tulle with showers of the broom and a background was formed of potted sword ferns and palms.

The golden broom was also used in profusion in the parlor and dining room, with festoons of ferns about the chandeliers and over the window ledges. The stairway was twined with delicate pink gladiolus blossoms.

Master Harold Juell, nephew of the bride, received the guests at the door and later proudly held the bridal bouquet while the ring was being placed. Preceding the ceremony, Miss Elsie Gutzweiler, sister of the bride, sweetly sang "I Know a Lovely Garden."

Those present yesterday were the following: Mr. and Mrs. Dan Moss, Miss Winnie Moss, Mrs. Carlton Garnett, Los Angeles; Rev. and Mrs. E. J. Inwood, Long Beach; Mrs. Horace McPhee, Santa Paula; Miss L. E. Butler, T. B. Elliott, Nora Davies, Olive Lopez, A. D. Burdett, O. H. Umberham, Frank McCarter, Misses Edith Blauer, Marjorie Blauer, Esther Henrickson, Mattie Smith; Mr. and Mrs. J. P. Gutzweiler, Misses Elsie and Edith Gutzweiler and Master Harold Juell.

Those present at the pleasant affair were Misses Mabel Trindle, Lorna McIntyre, Lois Smith, Hugh Osborne, Theodore Moyle, Felton Browning and William Cook of Orange.

To Take Literary Course

Vandermast & Son

and Mrs. A. D. Burkett played Lohengrin's Wedding March as the bride and groom, unattended, descended the stairs and took their stand beneath the graceful arch.

They were met by Rev. E. J. Inwood, former pastor of the First Methodist church here and now superintendent of the Long Beach district, who read the marriage service and pronounced a beautiful benediction over the newly-married pair.

The bride was charming in her simple gown of white crepe de chine with dainty lace trimmings and carried an arm shower of waxen lilies of the valley, begonias and maiden hair ferns.

Tempting refreshments of ice cream and cake were served, the bride making the first incision in the lovely white cake, of which all had ample slices. On each tray was found a cluster of pink sweet peas and maiden hair ferns.

Mr. and Mrs. Blauer were the recipients of many costly and useful gifts, as both are most popular among their many friends. Mrs. Blauer has lived here nearly all of her life and by her sweet and womanly qualities and tender devotion to her invalid mother, has endeared herself to all. Her husband is of the grocery firm of Blauer & Blauer and during his residence here has made an enviable reputation for himself, both in business and church circles.

Congratulations and a plentiful shower of rice greeted Mr. and Mrs. Blauer as they boarded an automobile for Laguna Beach, where they will spend a week enjoying the pleasures of their favorite resort. The bride wore a clever little Palm Beach dress for her journey.

Those present yesterday were the following: Mr. and Mrs. Dan Moss, Miss Winnie Moss, Mrs. Carlton Garnett, Los Angeles; Rev. and Mrs. E. J. Inwood, Long Beach; Mrs. Horace McPhee, Santa Paula; Miss L. E. Butler, T. B. Elliott, Nora Davies, Olive Lopez, A. D. Burdett, O. H. Umberham, Frank McCarter, Misses Edith Blauer, Marjorie Blauer, Esther Henrickson, Mattie Smith; Mr. and Mrs. J. P. Gutzweiler, Misses Elsie and Edith Gutzweiler and Master Harold Juell.

Those present at the pleasant affair were Misses Mabel Trindle, Lorna McIntyre, Lois Smith, Hugh Osborne, Theodore Moyle, Felton Browning and William Cook of Orange.

HIGH OIL COST HITS STATE OF CALIFORNIA

SACRAMENTO, June 29.—The high cost of oil will hit the state of California this year just as it is flattening the pocketbooks of the autoists.

The Shell Oil Company has been awarded the contract by W. G. McMillin, state purchasing agent, for the year's supply of oil and he announces the state will have to pay 20 cents per barrel more than last year. This year's contracting price is \$1.32 1/2 per barrel, f.o.b. plant.

Due to the high cost of oil and the uncertainty of the market, none of the other oil companies would contract with the state for more than six months.

Of all the forms of light man has developed, the nearest approach to sunlight is Gas Light. Clear, mellow and soft, it lacks the fierce glare so injurious to children's eyes. New stock of gas lamps and mantles now installed at the Gas Office.

NEW TEUTON PLOTS IN SOUTH AMERICA BARED

WASHINGTON, June 29.—Germany still is stretching her tentacles in South and Central America. Intrigue plots were bared in reports to the State Department today, showing that a German consulate at a Caribbean port is active and that two newspapers have been subsidized with \$100 a month in German money.

Warm plunge, dancing, hiking and other amusements, Glen Ivy Resort and Hot Springs.

THE WEATHER

Fair and warmer tonight and Saturday. Northerly winds.

June 28—Maximum 85, minimum 59.

RED CROSS FUND IS SWELLED BY LATE DONORS

Subscriptions Volunteered
Since Close of Campaign
Make City's Total
\$20,964.36

If \$35.64 more had been subscribed by the people of this city, Santa Ana's oversubscription of the \$15,000 allotted would have been an even \$6000.

Subscriptions left with Harry Hansen, of the Farmers and Merchants National bank and treasurer of the Red Cross, since the close of the campaign now aggregate \$175, which swells Santa Ana's contribution to \$20,964.36, and the county total to \$55,344.31, or \$18,344.31 more than the county was asked to raise.

The subscriptions received by Hansen are being held pending a decision as to whether they should be retained for the next campaign, passed to the credit of the local chapter or forwarded to the national Red Cross.

Tustin is being highly complimented on the splendid showing made there. The Tustin subscriptions went in with the Santa Ana totals, the team there being assigned to the work by the chairman of the local campaign, Sherman Stevens, whose work was confined entirely to residents of Tustin, the total for this committee being \$2779.

Following is the list and amounts given by those who have subscribed since the campaign closed:

Corinne Clement, \$20; R. H. Skiles, \$10; M. Wyant, \$5; Fred Hutter, \$10; W. H. Spurgeon, Jr., \$15; C. P. Marshall, \$10; E. A. White, \$5; Robertson and Packard, \$10; J. K. Anlauf, \$5; H. Clay Kellogg, \$10; W. E. Palmer, \$5; J. B. Roberts, \$10; W. C. Badrow, \$5; J. W. McLellan, \$5; Carl J. Klatt, \$15; W. E. Adkinson, \$30; J. S. Brooks, \$5; S. W. Suddaby (previously subscribed), \$5.

AT THE COURTHOUSE
ASKS JURY TO HEAR CONTEST IN WILL CASE

Effort to Break Codicil Left By Daniel Halladay to Be Heard On July 9

Yesterday an order was entered for a jury trial in the contest over the codicil of the will of Daniel Halladay, pioneer capitalist of Santa Ana who died last year.

The contest was entered by Ruth Green Ferguson and Floyd Green, niece and nephew of Halladay. They assert that the codicil was written up on misinformation. In the original will they were left to share with other nephews and nieces of Halladay in what remained of the \$148,000 estate after special bequests had been made. Under that arrangement they would

Opera House Block. Santa Ana.

Why Do You Prefer to Buy Whittall Rugs?

Allow us to answer this question as we are firmly convinced that nine out of every ten parsons would answer it:
Because Whittall's Is the Highest Standard of Rug Quality

WHITTALL RUGS

The Thoroughly Proven Superiority of Whittall Rugs Acknowledged Throughout America

—Conceding the point that possibly a few out of the dozens of rug manufacturers may make rugs equal in quality to Whittall's—and that is making a big concession—even then buyers are taking a risk when they buy other than the make of proven dependability—Whittall's.

—Like many other lines of nationally advertised merchandise Whittall rugs have become the recognized leaders. Every rug put out by the Whittall factory must measure up to the high Whittall standard, otherwise the reputation, which it has taken years of time and a tremendous expenditure of money to build up, would suffer.

Fair Policy of the Whittall Company

—Despite the enviable position held by Whittall rugs the policy of the factory is most liberal. During the past year, when all lines of goods have made tremendous advances in price, only a nominal advance, barely sufficient to cover the increased cost of production, has been made by the Whittall factory.

OUR COMPLETE FALL LINES OF WHITTALL RUGS HAVE JUST ARRIVED—WE INVITE YOU TO CALL

IRA CHANDLER & SON
510-516 North Main Street, SANTA ANA.

—There is no such thing as an inferior quality Whittall rug. The factory cannot afford to risk their reputation by allowing even a single imperfect rug to leave their factory. That fact is the buyer's protection in buying a Whittall.

—Whittall rug colorings are distinctively Whittall. No other rug factory in the world can duplicate the richness and durability of the colorings that go into Whittall rugs.

—Then the designs of Whittall rugs are peculiar to this one line. They are authentic reproductions of the wonderful Oriental rugs, the originals of which were worked out by hand weaving, taking in some instances years to complete.

get \$9000 or \$10,000 apiece. Under the codicil they get \$500 apiece.

The contestants declare that the codicil should be set aside, and the original will be allowed to stand. The proposal is resisted by Attorney E. E. Keech, representing the executor, G. J. Mosbaugh, and the heirs other than Mrs. Ferguson and Green.

For Administration
James Geis of Sawtelle has asked for letters of administration on the estate of his father, Jacob Geis, who died on June 22 in San Bernardino county. The estate of \$700 will go to the widow, Mrs. Nancy Geis, who lives in Santa Ana, and other heirs. C. D. Ballard is attorney for the petitioner.

Defendant Wins
Judge Thomas rendered a decision in favor of the defendant in the action of S. C. Robertson against S. E. Talbert for \$300. Robertson asserted that he had an agreement to secure a loan of \$50,000 for Talbert. Although Talbert got the loan without his assistance, Robertson asserted he should be paid for his efforts. His contention failed in court. Blodget & Blodget were attorneys for Talbert.

Notice of Sale
Yesterday there was recorded a notice of sale of a stock of goods at Tustin from E. A. Ward Company to Charles O. Artz.

Another notice shows the transfer of a stock of sporting goods at Orange from F. Clyde Slater to W. J. Cozad.

Final Decree
A final decree of divorce was given today to E. A. Day formerly of Anaheim and now of Downey, against Mary B. Day.

Estate Appraised
J. N. Anderson, George Watts and Job Denni have appraised the estate of Sallie A. Reagan at \$8500.

IN THE JUSTICE COURT
IMPROPER PASSING ON ROAD COSTS \$10

When J. W. Fleming got in such a hurry that he passed an automobile when another was approaching he did not take into consideration that the machine he was crowding off the highway might be occupied by an officer. It was Constable W. R. Coleman and Attorney Nick Meyer who happened to be in the auto that was crowded. They turned their machine around, gave chase, caught Fleming, and put him under arrest. Today Fleming paid Justice Cox a fine of \$10.

For Speeding
J. E. Choate of Anaheim was another auto driver who ran afoul of an officer. He was passing Under Sheriff Iman, who was going just about as fast as the law allows, and Iman very quickly saw that the passer was going faster than the law allows. Iman stepped on the gasoline control, and he soon caught Choate. Choate paid a fine of \$10 today.

COUNTY AUTO DEALERS MEET TOMORROW NIGHT

Dealers identified with the automobile game in its various branches in the county will "eat and talk" tomorrow night at Odd Fellows' hall. The dealers will get together in a social way and discuss various matters pertaining to their business.

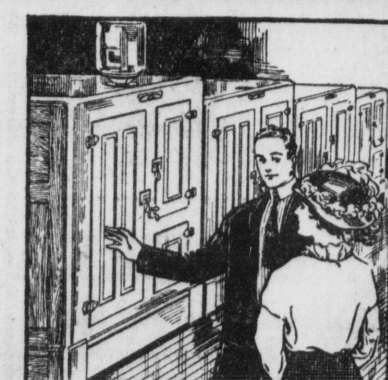

A number of jobbers will be present from Los Angeles, and addresses on cooperation will be made by selected speakers, among whom will be Secretary Martland of the State Automobile Dealers' Association and J. F. Brown, of the Western Rubber and Supply Company, of Los Angeles.

The "eats" will start at 7:30.

Hot Weather Needs

See us for Refrigerators, Water Coolers, Ice Cream Freezers, Ollas, Lemon Juicers, Water Canteens, etc., etc.

What the Merchants Have to Offer You

P. E. ROUTE VIA MAIN STREET, TUSTIN, GIVEN APPROVAL

Town Wants Road Built and on Principal Thoroughfare, Gist of Resolution Passed

At the regular meeting of the Tustin Chamber of Commerce last Tuesday night, the matter of bringing the Pacific Electric railroad to Tustin was discussed and some facts brought out by those who had things to say made an interesting exposition of the subject. Those representing the Tustin committee who have been conferring with the Pacific Electric Company are James S. Rice, C. E. Ut, Sherman Stevens and I. L. Marchant. Mr. Rice was asked to state the situation.

He first reminded the Tustin people of the great opportunity now within their grasp, a railroad to any town being one of the greatest modern assets. In every instance towns have shown rapid growth after getting a road. Ten years ago the Tustin people were very anxious to get the Pacific Electric to bring their cars to Tustin. The company was very indifferent and asked a bonus of \$20,000, and the matter was dropped.

Now conditions are altered and the company itself is determined to come and is investigating the routes. If it goes around the outskirts the town will lose an immense opportunity. Although some persons will be called upon to make sacrifices, they will be overbalanced by great advantages. The question now is the route, and of course the straighter the line the better. The committee has labored to get it down the main street. The company, of course, prefers a private right of way rather than a franchise.

Why Suffer With Backache, Kidneys or Rheumatism, Now?

Letter Tells of Long Looked-for Prescription.

Dear Readers:—I am making a personal appeal to those of you who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or alcoholic kidney medicines that you know nothing about, and in their place take a short treatment of "An-Uric" and be convinced of its superiority, as I was.

I have taken many of the kidney medicines but none with the results of "An-Uric." I am so pleased with the curative properties of this wonderful prescription that I cannot say enough about it.

You've all undoubtedly heard of the famous Doctor Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and disease arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, droopy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "An-Uric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "An-Uric" for their anxious customers in and around this locality.

At any rate don't give up hopes of being cured of your malady until just a few doses of "An-Uric" has proven that it will make you feel like a different person.—E. L. R.

EDITOR—Please insert this letter in some conspicuous place in your paper.

THE TROUBLE THAT THE CITY OF SANTA ANA HAS HAD WITH THE P. E. ROAD WAS POINTED OUT, BUT IT WAS STATED THAT THIS COULD BE OVERCOME BY A CAREFUL CONTRACT IN THE BEGINNING.

The more southern route seems now to be more favorable to a private right of way, although it would be an immense advantage to Tustin to get the road on the main street. In the estimation of many present at the meeting, this would richly pay the community for sacrifices of those owning property on Chestnut and Tustin Main.

Motion was made by E. M. Nealley that the Chamber of Commerce and the people of Tustin recommend that the Pacific Electric come into the town and come on the main street. The motion carried with one opposing vote.

A letter from the Colton Chamber of Commerce invited the Tustin Chamber of Commerce to a flag raising on Flower mountain on the night of July 4. The Portland Cement Co. has erected an immense flag-pole and are going to have an interesting ceremony on the evening of the Fourth, when the flag will be raised. An elaborate program will be carried out, copy of which will be sent later.

A letter read from the Alhambra Chamber telling of visits they are making to the different Chambers of Commerce throughout the county and proposing to visit the Tustin body.

Motion carried that the secretary write a letter asking the Alhambra Chamber of Commerce to visit Tustin, naming the date on or about July 12. The president was made chairman of a committee, selected by himself, to receive the visitors at the school-house and be prepared with automobiles with which to show the visitors the beauties of Tustin.

The annual election of the board of directors, postponed from the last meeting, was then held. The members of the old board were nominated for re-election. Substituting M. E. Ladien in the place of one member who declined, the secretary was instructed to cast a ballot for the re-election of the same board of directors.

There was a good attendance at the meeting and those present seemed desirous of becoming informed about the railroad to Tustin. The opinion was expressed that the Tustin people should promptly attend the meetings and discuss matters of vital interest to the community.

The next regular meeting of the Chamber of Commerce will be held on the fourth Tuesday in September.

TUSTIN PERSONALS

Mrs. Alice Fewell visited Los Angeles and San Gabriel Thursday, and attended the pretty wedding of Miss Ethlyn Prime, who was married Thursday evening at 8 o'clock to J. M. Gibbs. Misses Blanche and Mildred Fewell were also at the wedding.

Mrs. C. A. Nordstrom is visiting her brother, Thos. Peters, and family in Long Beach.

Mrs. and Mrs. J. W. Bradshaw, Miss Mattie Purvis and Miss M. McKittick were visitors in Tustin Wednesday.

M. E. Ladien, W. L. Shatto and F. L. Richardson were early morning visitors to Newport Wednesday and came back with a "string of fish."

Rev. F. L. Richardson and family of Colton, have been visiting among their old friends in Tustin for the past week.

The friends of Guston Griset will be glad to have him among them for the summer vacation, after having been away in the east for the past two years. He is accompanied by his wife and little daughter Lucia.

Mr. and Mrs. Laurel Clemmons and daughter, Miss Helen Clemmons, motored to Pasadena Wednesday.

Rev. and Mrs. W. H. Wotton of Pasadena were guests of Mr. and Mrs. James S. Rice on Wednesday.

Miss Clara M. Chamber is now at home with her mother, Mrs. J. W. Hubbard.

Mrs. C. O. Artz and little girls will spend the next week at Balboa Beach with a party of friends from Los Angeles.

Mrs. Maud Shattock of Los Angeles, was a guest of Mrs. U. C. Holderman last Friday until Monday.

Mr. and Mrs. Jasper Leck and Miss Zena Leck visited the cherry fields in Yucaip Valley last Saturday.

COREOPSIS CLUB ENJOYS OUTING AT NEWPORT

The members of the Coreopsis Club and friends held their annual picnic at Newport Beach on Wednesday. The different attractions of the beach were enjoyed during the morning and a picnic dinner was spread at noon in the pavilion. Some of the good things were salad, baked beans, sandwiches, pickles, meat loaf, coffee and cake.

In the afternoon some of the party sported in the water while others looked and enjoyed the ocean breezes more quietly.

The party comprised Mrs. John King, Mrs. Gladys Cooper, Mrs. H. E. Matthews, Mrs. Fenlon Matthews, Mrs. E. E. Smith, Mrs. Charles Lambert, Miss Avis Smith, Mrs. Hart, Mrs. Alton Alderman, Mrs. Claud Norton, Mrs. Charles Morton, and children Ralph Smith and Harry Matthews.

ENTERTAINS FRIENDS FROM SANTA ANA

Mrs. John Holt entertained the following friends from Santa Ana at dinner on Wednesday, at her pleasant home on Main street: Mr. and Mrs. C. F. Hubbard, Mrs. Geo. Peters and Mrs. Della Anderson.

SPECIAL MEETING FOR P-T. A. IS CALLED

A special meeting of the Tustin Parent-Teacher Association is called by the president for next Monday afternoon, July 2, at 4 o'clock, at the school house, to make arrangements for the Fourth District Congress of Mothers' all-day meeting to be held at Orangethorpe on July 19.

TUSTIN W. C. T. U.

The members of the Tustin W. C. T. U. held an all-day meeting Thursday at the home of Mrs. E. A. Tingley. Red Cross work occupied the entire day with the exception of a short time taken for the business session and the noon hour.

There were six ladies at work in the morning and in the afternoon many more gathered in, and the busy work shop occupied several rooms.

The meeting was in charge of Mrs. W. A. Jones and Mrs. H. E. Matthews, who led the devotional exercises preceding the business session, by reading a very appropriate scripture lesson. The corresponding secretary read a letter from the national president, setting forth the immediate aims of the W. C. T. U. It was decided to contribute the amount asked for to purchase and equip an ambulance to be sent to France and furnish its maintenance for one year.

The regular meetings will be omitted during the months of July and August with the exception of a mothers' and fathers' meeting in August. Whenever it is possible the members will go to the Red Cross headquarters in Santa Ana on Mondays to help in the work.

CONCERT WEDNESDAY NIGHT

Those who attended the concert at the school auditorium Wednesday night, given by the Tustin Presbyterian church choir, had an opportunity to become acquainted with some of the best of Tustin's own talent.

The members of the choir are Misses Grace Hight, Margaret Tingley, Hazel Bailey, Irene Griset, Lillian Martin, Mrs. Vera Smith, W. A. Jones, James Utt, S. E. Tingley and W. S. McDougal, with Miss Gertrude Utt, pianist.

They were assisted Wednesday night by Miss Jessie Rawlings, vocalist, and Miss Dorothy Utt, violinist.

The young women were gowned in white and the stage was effectively decorated with big bunches of shasta daisies and a graceful fern. In addition to a charming program of vocal solos, duets and choruses, the songs of the male members of the choir were in pleasing contrast. "Solomon Levy," sung in costume by Mr. McDougal and Mr. Tingley, gave the opportunity for a laugh.

The talent displayed in readings delighted the audience and gave a pleasing variety to the program.

W. H. AND F. M.

The regular meeting of the W. H. and F. M. Society of the Advent Christian church was held last Tuesday afternoon at the home of Mrs. A. R. Dresser in Santa Ana. There were about twelve ladies present and the afternoon was spent in sewing. This society is composed of a band of efficient workers and a meeting always means good work accomplished. The meetings will be omitted during the month of July. The date of the next meeting will be announced later.

PERSONAL

Rev. W. S. McDougal attended the meeting of the Los Angeles Presbytery held at South Pasadena on Thursday.

Rev. and Mrs. George Dawes of Spokane, were entertained last Saturday night by Mrs. Effie Crawford.

HOUSEHOLD ECONOMICS SECTION ENTERTAINED

The regular meeting of the Tustin Household Economics Section was held Wednesday afternoon at the home of Mrs. O. A. Leihy.

The afternoon was spent entirely in work for the Red Cross society, after a short business meeting. It was decided to continue the meetings this summer instead of taking the usual vacation, the time to be spent in Red Cross work. No refreshments will be served unless it be something very light.

Those present were Mrs. Byron Johnson, Mrs. W. L. Leihy, Mrs. Hugh Plum, Mrs. B. H. Sharpless, Mrs. N. Beisel, Mrs. E. M. Nealley, Mrs. S. W. Stanley, Mrs. F. T. Preble and the hostess, Mrs. Leihy.

Dainty refreshments were served.

TUSTIN FOLK ENJOY BEAR VALLEY VISIT

Mr. and Mrs. S. W. Stanley and family, Dr. and Mrs. J. E. Paul and Dr. and Mrs. F. W. Slabough left this morning for a week's vacation trip to Bear Valley.

FORMER TEACHER AT TUSTIN IS MARRIED

Announcement has been received of the marriage of Miss Lida K. Turner, a teacher in the Tustin school a few years ago.

Miss Turner was married to J. M. Gibbs on Thursday, June 21, at the home of her parents in Columbus, Nebraska.

They will make their home at Flint, Michigan.

FRIENDS ENTERTAINED

A very enjoyable evening was spent by the young people at a party given last Wednesday night by Miss Cora Nelson and Miss Frances Jones at the home of Miss Jones.

The house was decorated in Shasta daisies and feathery ferns. Numerous games of various kinds were immensely enjoyed and later in the evening delicious ice cream and cake were served. The invited guests were Mrs. Bert Tolliver, Miss Carrie Gooding, Miss Ethel Woolfong, Miss Hazel Liggett, Albert and Arthur Ladien, Charles and Walter Awe and Paul Graves.

TUSTIN POTATOES

Tustin is not behind some other sections in fine potatoes grown. J. A. Thomas has been presenting some of his friends very fine specimens measuring ten to twelve inches around, and he says he is no gardener to brag about.

CHURCH NOTICES

PRESBYTERIAN: Sunday school, 9:45 a. m.; patriotic services, 11 a. m.; Christian Endeavor, 1 p. m.; evening service, 8 o'clock.

ADVENT CHRISTIAN: Sunday school, 9:45 a. m.; morning service, 11 o'clock; communion and reception of members; Loyal Workers' meeting, 7 p. m.; evening service, 8 o'clock.

GIRLS IN PHILA. RUN ELEVATORS

PHILADELPHIA, June 28.—The first women elevator operators to be introduced in a Philadelphia office building began their duties in the Witherspoon building. According to the superintendent of the building, the employment of the girls was decided upon as a war time measure, anticipating the possible loss of male operators when conscription goes into effect.

MICE DAMAGE A WILL

SANDUSKY, Ohio, June 21.—The will of Andrew Hilbert, late of Milan township, a farmer, was presented for probate here recently. It was found that mice had so mutilated the instrument that it was impracticable to determine the meaning of several bequests to relatives.

Lemons Beautify! Make Quarter Pint of Lotion, Cheap

Here is told how to prepare an inexpensive lemon lotion which can be used to bring back to any skin the sweet freshness, softness, whiteness and beauty.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about half the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smootheners and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands, and see for yourself.—Adv.

EACH MONDAY IS RED CROSS DAY FOR TUSTIN

Monday of each week has been decided upon as Tustin day at the Red Cross headquarters in the Armory building in Santa Ana, for all women who wish to do a share of the Red Cross work.

There was a fair representation of Tustin women on hand Monday and good work was accomplished. When the work is generally understood, there will be no doubt be a larger number in attendance each Monday.

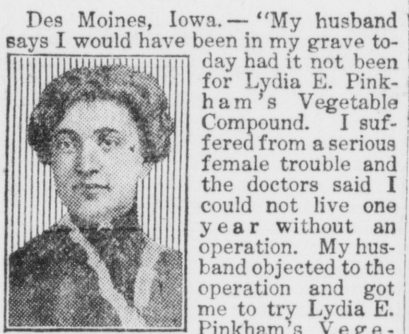

Those desiring work to do at home will be able to procure it of Miss Gertrude Utt during the month of July.

C. E. CONVENTION

An automobile full of Tustin young people will attend the Christian Endeavor convention tomorrow. The convention is now in session at Riverside.

THIS WOMAN TOLD TO CHOOSE

Between Operation and Death. Cured by Lydia E. Pinkham's Vegetable Compound.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the doctors said I could not live one year without an operation. My husband objected to the operation and got me to try Lydia E. Pinkham's Vegetable Compound. I soon commenced to get better and am now well and able to do my own housework. I can recommend Lydia E. Pinkham's Vegetable Compound to any woman as a wonderful health restorer."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines.

RUB YOUR EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ¼ mile from high school.

30 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property there.

JACK AND EDGAR TEDFORD BOTH IN COUNTRY'S WAR SERVICE

Santa Ana Boy Writes Interesting Letter On Eve of Departure for Training

"This means two of us to go—all you and Dad had to give. You know I never was much of a scrapper, but this means 'all of us.' I have no one dependent on me, and as I am physically fit, it is up to me to enlist and not wait to have to go."

This is the way Jack Tedford, son of Mr. and Mrs. Ed Tedford of this city, looks at the situation confronting this country at this time, and the way he announces to his parents that he has enlisted in the navy in the fight for the freedom of all nations, in a letter just received by his mother.

Tedford has held a clerical position with the Swift Packing Company in New York for the past year.

Edgar Tedford, another son of Mr. and Mrs. Ed Tedford, has been in a naval training school on the Pacific Coast for more than a year and is in the New Hampshire navy yards awaiting orders to move to the front.

Born in Santa Ana

Both boys were born in this city

Attention Bad Stomachs

Go to Your Druggist and Get This Remarkable Prescription

End Your Stomach Troubled Days.

"If you suffer from indigestion, nervous dyspepsia, pain after eating, sour, painful or too strongly acid stomach, bad breath or bloating, if you are afflicted with any kind of stomach trouble, do not patch up your stomach by using make-shift pepsin tablets or other artificial digestants," states a prominent authority on stomach ills. Go to your druggist and get a four-ounce bottle of "Stumeeze," the most wonderful anti-acid and stomach re-builder ever compounded. The first dose of this remarkable prescription tells the story. Go now—today. Don't suffer longer. Real relief and solid stomach comfort is waiting for you at any well-stocked drug-store. Simply ask for a four-ounce bottle of "Stumeeze" prescription.—Adv.

and went through the grade schools of this city, completing the high school courses in other cities.

It is no surprise to their relatives here that they have chosen the navy for service. Their grandfather, Benjamin Franklin Grouard, was a sea captain for many years, leaving home at the age of 12 years for a life on the sea and not returning until he was 35 years old.

"I am writing this with a fine fountain pen given me by my 'boss' at a supper given in my honor by the boys of Swift's," writes Jack in his letter to his mother. "I have been promised my old position, or a better one, upon my return."

"I will leave Tuesday (last Tuesday) for three months training, either at Newport, R. I., or Norfolk, Va., and later I will go to the front in the 'first line of defense.'"

Meets Malcolm
"I met Malcolm (son of Mr. and Mrs. W. B. Tedford, and a cousin) just before his departure for active duty across the waters."

"The very atmosphere here is intense. I think we realize what we are up against much more keenly than you do on that coast."

"Say hello and good-bye to my friends for me."

With the letter came a card that is sent to the homes of boys enlisting in the navy, reading: "A man from this house is now serving his country at the front in the United States Navy." It is signed by F. H. Taylor, U. S. N., commanding.

COAST ARTILLERYMEN GIVEN BALL IN L. A.

LOS ANGELES, June 29.—With prominent Los Angeles club women as patronesses and, in fact, as the guiding spirits, the California Coast Artillery company here is giving a military ball tonight. The proceeds are to go toward a fund with which the company will equip itself with athletic paraphernalia, books, magazines, papers and numerous other things which Uncle Sam is not in the habit of supplying his fighters.

QUITS 3 SAN DIMAS JOBS TO TAKE ONE

POMONA, June 29.—One job at El Centro appealed to C. C. Corwin more than four at San Dimas. He has resigned as manager of a San Dimas Lumber Company, constable of San Dimas, captain of San Dimas home guard, and secretary of the San Dimas commercial club. He will accept a position as manager of a lumber company in El Centro.

EX-PUGILIST SOUGHT AS ALAMEDA SLAYER

SAN FRANCISCO, June 29.—Police are seeking Fred C. Miller, athletic instructor and ex-pugilist, whom his partner, Ranger Johnson, accuses of the murder of J. E. Breitwizer, Alameda contractor and politician. Johnson gave himself up to the police after learning he was suspected of the crime. He declared he and Muller had trouble with Breitwizer over a contract and that he left during the argument.

TRAINING CAMP COMMITTEE IS SELECTED FOR SANTA ANA

Finley, McBride, Clark and McFadden May Pass Upon All Applications

Information Bulletin Tells of Qualifications Sought In Applicants

Any man in this section who wants to go to the second officers' training camp at the Presidio must apply through and have his qualifications passed upon by the Military Training Camps Association committee, which has been selected within the last week.

The members of that committee are Col. S. H. Finley, chairman; Capt. J. L. McBride, Dr. J. I. Clark and Arthur J. McFadden. The headquarters of the committee is at the office of the Orange County Automobile Club. A. S. Ralph, secretary of the auto club, has been selected as secretary of the local training camps committee.

In the selection of men for the first camp, examinations for a wide area were conducted in Los Angeles, and the officials found themselves swamped. For the second camp, local committees have been appointed in many cities and counties so that there may be some weeding out of ineligible. At least, in the absence of specific instructions, it is presumed by A. J. McFadden, who was appointed to organize the local committee, that the local committees are to make recommendations. The local committee is expecting application blanks to arrive today.

Every man who applied for entry into the first officers' training camp must again apply, this time through the local committee, and that application must be in the federal offices by June 15.

Clyde Whitney, who is with the Orange County Title Company, has received notice to apply through the local committee. Whitney applied for the first training camp, but was not called.

An information bulletin issued by the Western Department concerning the second camp reads as follows:

General Plan
To provide officers for the drafted forces of the National Army the War Department has adopted the policy of commissioning all new officers of the line (Infantry, Cavalry, Field and Coast Artillery) capable of filling all places in the grades above lieutenant

and many of the places in the grade of lieutenant in the second 500,000 troops.

Date and Location
The second camp for the Western Department will be held at the Presidio Reservation, San Francisco, Cal., and will open on August 27, 1917, and close November 26, 1917.

Qualifications
Classes eligible to apply: age limits:

(a) Members of the Officers' Reserve Corps (line sections) who, through no fault of their own, were unable to attend the first series of camps; also Reserve Officers of Staff Corps under 50 years of age with at least two months' service in war and who have had experience in Infantry, Cavalry or Artillery.

(b) Non-commissioned officers of the Regular Army recommended in March, 1917, for temporary appointment in case of war, and who, through no fault of their own, were unable to attend the training schools for Regular Army non-commissioned officers in April, 1917. Maximum age limit 50 years.

(c) Resigned officers of the Regular Army. Maximum age limit 50 years.

(d) Men of proper qualifications made eligible for the Officers' Reserve Corps by the Army Appropriation of May 12, 1917. Maximum age limit 50 years.

(e) Men who have qualified for commissions under General Orders No. 42, War Department, 1915. Maximum age limit 50 years.

(f) Citizens of the United States who have had war service in the present war as officers or non-commissioned officers of the line in the armies of Allied Powers. Maximum age limit 44 years.

(g) Men of exceptional qualifications who tendered their services to the government prior to June 5, 1917, and who have been listed under G. O. 37, War Department. Maximum age limit 50 years.

(h) Citizens with valuable military experience and adaptability for commissioned grade, or citizens who have demonstrated marked ability and capacity for leadership, and are clearly adapted for military service in commissioned grade. Maximum age limit 44 years.

Employees of the United States must inclose the signed recommendations and consent of their chiefs.

NOTE.—Men who applied for the first series of camps must re-apply whether or not certified as suitable for the first camps. They will have no preference in selection for these camps but will be on an equal basis with other applicants.

The minimum age limit for all applicants is 20 years and 5 months. However, in order to obtain the experienced class of men desired, preference will be given to men over 31 years of age, other things being equal. Because of the anticipated large number of applications, it will probably be difficult for men under that age to qualify except in instances where the applicant has pre-eminent qualifications or unusual military experience.

No Letters

Note particularly that letters of recommendation are not wanted, but only the names of three responsible citizens who know the applicant best. Each applicant must be examined physically at his own expense by a reputable physician who will fill out the physical report forming part of the official application blank. This preliminary examination is subject to review and the examining officer may require another examination. Men who submitted physical examination on the Army blank for the first series of camps may submit their reports in lieu of a new examination.

Applications will be received up to July 15, 1917. Under no circumstances will an application be considered if received after July 15.

Obligation

Accepted applicants, unless they are reserve officers or members of the Regular Army or National Guard in Federal Service, will be required to enlist for a period of three months under Section 54, National Defense Act, and will agree to accept such commission in the Army of the United States as may be tendered by the Secretary of War. The enlistment obligates one to service in the training camp only.

Pay and Expenses

The Government will pay the men in training \$100 per month during the three months' course and will provide transportation, uniforms and subsistence except that Reserve Officers in training will receive the pay of their grades and will provide uniforms and subsistence at their own expense.

Character of Men Desired

Since the special object of these camps is to train a body of men fitted to fill the more responsible positions of command in the new armies, every effort will be made to select men of exceptional character and proved ability in their various occupations. While it is desired to give full opportunity for all eligible citizens to apply, no man need make application whose record is not in all respects above reproach and who does not possess the fundamental characteristics necessary to inspire respect and confidence.

How to Make Application

Every candidate must file his application in person with the Local Committee of the Military Training Camps Association in the town in which he resides. A Military Training Camps Association Committee will be appointed in every town having a population of not less than 2500 within the eight states from which candidates are to be drawn for the Presidio Camp. From these Committees application blanks can be secured. Information as to the identity and address of the above mentioned Local Committees can be had from the cashier of any bank. Do not mail your application.

The headquarters of the Military Training Camps Association for the Western Department can be addressed as follows: P. M. Lansdale, Executive Secretary, Military Training Camps Association of the United States, Western Department, 201 Pine street, San Francisco, Cal.

CHASE THE ACHE, KILL THE PAIN
Get busy. Act now. Use Sloan's Liniment for your rheumatic pains, toothache, neuralgia, sore muscles, stiff joints, sprains and strains. Better than anything you ever tried to soothe hurts, reduce swelling and inflammation. Cleaner than ointments or plasters, as it does not clog the pores or stain the skin. Easy to apply, it penetrates without rubbing. Always have a bottle of Sloan's Liniment in your medicine chest. At your druggist's, 25c, 50c, \$1.00.

Why You Should Come to Laguna Beach

Laguna Beach opens her arms and welcomes all of Orange county to spend the summer among her canyons, towering trees and her rock-ribbed coast. Laguna is Orange county's place of rest and scenic wonders. Artists have raved over it, nature lovers have bestowed unlimited praise upon her and raised their hearts in thankfulness for the inspiration she has given them. To those who see with their souls Laguna and Arch Beaches provide boundless satisfaction. Nature calls mightily here and answers the craving of every being who appreciates her wonders and delights in her beauty.

It has grown upon nature lovers from near and far that Laguna has a quaint beauty entirely her own. The shore, for one thing, is wholly unlike other beach shores. It is not long and straight, but rocky and full of turns—"surprises everywhere"—is a slogan artists have given Laguna's shore line. At low tide the gulches, crags and nooks are exposed to full glory. The brief spasm of gentle sloping beach very quickly reach the embrace of the ocean through rocky cliffs. San Juan point may be seen in the distance.

Changes this Season

There are many new things at Laguna this season. Chiefly they consist of amusement features. Nothing could be added to Laguna from the nature standpoint, so the local inhabitants decided to make their beach place the more inviting by putting in a few pleasure attractions. Principally these consist of dance pavilions, a theatre and shooting gallery pastimes. Sam Clapp became proprietor of the Palm Garden Dancing Pavilion during the past year and has installed a new dancing floor and shady palm garden which is delighting many. Frank Hanson, the Walt Mason of Laguna, mentions it as follows:

Dance in here till you perspire,
Till you think you are on fire,
Then calm your palpitating heart
And order ice cream by the quart.

Clapp runs a fine fountain in conjunction with the dancing and open air garden and also a billiard parlor.

Tent City Crowds Gather

The student colony has taken possession of Tent City and will remain for six weeks. Tent City is conducted as a resort for those desiring comfortable accommodations, home cooked meals and clean entertainment. Guests of the apartment house tents are welcome to take advantage of the various educational opportunities offered by the Pomona College Marine Laboratory, which is located on the tent grounds.

Joe On the Job

Joe Skidmore, manager of Laguna Heights, is on the job with full speed, as per usual. Improvements have

been going on in this tract all through the winter. Road building has been given particular attention. Laguna Heights is one of the most desirable residence sections in beach property in all Orange county. Skidmore has put thousands into the property and is making it a fine winter residence place as well as a summer resort. Lots are restricted throughout the tract. One of the features is a private hunting ground, for the exclusive use of those fortunate enough to own a lot or acres in Laguna Heights.

Another Stage Trip

Peacock's Laguna Beach Stage has added another round trip to its schedule for the summer. The extra stage will leave Laguna at 2:15 p. m. and Santa Ana at 4:15 p. m. The Sunday auto leaving Laguna at 6:30 p. m. and Santa Ana at 8:30 p. m. will continue.

The Beach Itself

Fishing and bathing are the principal features on the water front. Almost every sort of fish known to come near shore can be caught at Laguna. Trips are made to San Juan point, a short distance off, which place has been called the ideal fishing spot of Southern California.

There are many people who come to Laguna just to search about the rocks and nooks for undiscovered sea life and abalones. The waves breaking sharply against the rocky coast line throw up curious, interesting specimens of marine life daily.

DEMOCRACY IN RUSSIA

BY WILLIAM G. SHEPHERD

(United Press Staff Correspondent)

(Note—This is the third installment of a graphic picture story of conditions in Russia today, just received by mail from William G. Shepherd, United Press Staff correspondent. The fifth will be published soon.)

PETROGRAD, May 1 (by mail)—The whirlpool of voting in Russia centers in the old building in which the Duma, now dispersed, used to meet. Folk of almost every shade of opinion in Russia have their headquarters there. Votes, telegrams, letters, delegates, pour in from the remotest corners of Russia, from the edge of China and Japan, from the Black Sea and the Crimea. Here you see soldiers direct from the trenches, who have been elected as delegates to the national committee of soldiers at meetings held under fire; farmers who have come as delegates to the peasants' national committee; workmen of all trades; women of almost all occupations. Boy and girl students, fired with the zeal of new Russia through the muddy-floored building after school hours, singing songs or watching the various heroes of the revolution as they pass to and from their offices.

Bayonets Fixed

At all the portals stand grim soldiers, with bayonets fixed. You must have a pass to enter the building.

"Why do you have passes?" I asked, at the office of the commandant. "Isn't Russia a free country?"

"We don't want any reactionists to enter the building," was the reply.

My fourth tremendous impression, after I had entered the old building which is now the center of the Peoples' Russia, was that women, coatless, hatless, were everywhere, working alongside the men at the various committee headquarters.

"Do women vote as well as work?" I asked Vladimir Perasitch, head of the press bureau of the Soldiers' and Workmen's Union.

"All over Russia, in all meetings,

women are voting with men," he responded. "In the new Russia, they will vote equally with men."

"That is the first real news of the future I got after entering the famous old Duma building. But in the building, amid all the mud, the dirty soldiers, the hurrying men and women, I found mines of news, geysers of new thought and floods of new theories for human government."

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

STATE OIL SUPPLY IS DECREASING

The relative amounts of oil available in the various undrilled, but proven areas of California, have been summarized in a report made to the State Council of Defense by R. P. McLaughlin of the State Mining Bureau. The visible supply of oil has been rapidly decreasing during the past year.

A special committee, headed by Max Thelen of the Railroad Commission, has, for several weeks, been engaged in investigating the oil supply of the state which furnishes power for our railroads and many other industries of vital importance at the present time. The report dealing with the oil remaining underground has been compiled from production records and well logs filed with the Mining Bureau during the past two years incidental to the work of protecting the fields from damage by improper well drilling. Future use of the information will be determined entirely by the State Council of Defense.

Reports filed with the State Mining Bureau for the week ending June 23,

1917, shows twelve new wells started, making a total of 540 since the first of the year; twenty-five wells were reported ready for test of water shut-off, fourteen deepening or re-drilling.

PARKER'S SKULL IS FRACTURED IN CRASH

Orlando Parker, lather, injured yesterday afternoon at the corner of First and Birch streets when hurled from his motorcycle in collision with an automobile, was still unconscious at the Santa Ana Hospital early today.

Parker sustained a fracture two of three inches above the base of the skull. His physician trepanned the skull and it is stated that Parker has a good chance of recovery.

In addition to the skull fracture, Parker sustained a slight bruise of the leg.

DON'T NEGLECT THE SUMMER COLD We "catch cold" in warm weather because colds are germ diseases and our vitality is too low to resist them. To kill those cold germs, the antiseptic pine-tar of Dr. Bell's Pine-Tar-Honey is famous for its effectiveness in helping to relieve the chest and invigorate the tissues. The honey and expectorant ingredients heal the throat and soothe the cough. Always have a bottle of Dr. Bell's Pine-Tar-Honey in your home, 25c, at your druggist's.

Cozy, airy bungalows; single and housekeeping rooms. Bungalow Apartments, over Postoffice.

WAR HOLIER THAN CRUSADES TO BISHOP

STAMFORD, Conn., June 28.—A plea for patriotic service was made by Bishop Chauncey B. Brewster in his address at the opening of the annual convention here of the Protestant Episcopal diocese of Connecticut.

"No crusade for holy places was ever as sacred as this crusade for hallowed ideals," he said, referring to the war. "The cause is as clear as that there is a living God. The moral issue is very plain."

"In human history I do not recall a more signal tragedy than the lapse of an honored nation into lust of domination, its subjection to a sinister and soulless exaltation of might above right, its revolt from Christian principles and reversion to pagan ideals, shown in defiance of moral law and in the ruthless and shamelessly brutal prosecution of warfare upon humanity."

Low Priced Property
At Huntington Beach

MAN IS INJURED IN MOTORCYCLE CRASH

In a crash of motorcycles, O. B. Hardy, a laborer employed at the Southern California Sugar company's plant on South Main street, received a number of painful bruises early yesterday evening at the corner of Main and McFadden streets. Hardy on his motorcycle collided with one ridden by R. Baker, also employed at the sugar factory. Baker was accompanied by his wife. The Bakers sustained slight bruises. Hardy's injuries are not serious.

LIGGETT INSPECTS TWO MORE WAR CAMP SITES

SAN FRANCISCO, June 29.—With Washington authorities anxious to secure a site for one of the national army cantonments near San Francisco, Major General Hunter Liggett, western army department commander, inspected two proposed sites. One is at Rio Vista, Solano county, and the other near Antioch.

The war department is laying stress on the necessity of placing the camps near business and transportation centers.

FEATURE STORY
FOR THIS DAY
BY UNITED
PRESS

WASHINGTON, June 25.—War prosperity has hit Washington and those who have rooms to rent are getting rich. The capital's population is growing rapidly. Every train brings its load. War talk fills the air.

The government and the various industries that have established war headquarters here will need 50,000 more clerks before the dog days, according to conservative estimates. Already there is a famine in stenographers. Uncle Sam commands them.

Now government officials are springing up all over the city. Department offices which for generations have been small, quiet affairs have suddenly bloated to 20 times their usual size. This means more employees. The restaurants are busier than Cony Island kitchens. The street cars are almost always jammed to the guards and frequently blocked. Apartment houses have been made into hotels—residents into apartments. In some cases startling prices are demanded for cots. All rents are upward bound.

The telephone service is swamped—the messenger service overwhelmed. Streets are crowded and the aged hackmen are investing in Liberty Bonds. Now Uncle Sam is

meditating commandeering more of office space and ousting private firms. It's a seething situation—but—as the French say: "C'est la guerre."

ASTOUNDING REPORT
FOR SANTA ANA

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ika benefited her INSTANTLY. Because Adler-ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. The Rowley Drug Co.—Adv.

RUSS PLANS PROTEST
IN S. F. FLAG DISPUTE

SAN FRANCISCO, June 29.—Russian Consul General Rojstovsky objects strongly to the refusal of Supervisor Hayden, chairman of the city's Fourth of July committee, to display the new Russian flag along with other national emblems at the city's Independence Day celebration and will make an official protest to the Board of Supervisors. Hayden objected to permitting the Russian flag to be flown with the flags of the other allies because he thought the flag is red. But Rojstovsky says Hayden evidently is not up on flags, because the Russian standard is made up of red, white and blue stripes, with an eagle in one corner.

EXPOSITION TRAIN IS
ON MIDDLE WEST TOUR

HANFORD, Cal., June 29.—The California Exposition train, which will travel through the middle west telling the people who visit it some of the things they can expect in California, is on its way. The train was equipped by the San Joaquin Valley Counties Association and each county in the association is represented. It will spend several months in the eastern states, going from town to town. Expectations are that thousands will visit the train to see the exhibit of California products and listen to the story of the Golden State.

LAGUNA BEACH
NEWS BUDGET

LAGUNA, June 30.—Miss Jane Adams of Arch Beach, has had as house guest for several days, her sister and brother-in-law, Mrs. and Mr. Milsap of Los Angeles. They will remain for an indefinite stay.

Mr. and Mrs. A. A. Adams of Los Angeles, who are spending the summer at "The Breakers," have just returned from a short business trip to their home. This is not the first season the Adams have spent in Laguna Beach, but other years they have been accompanied by their son, Franklin, who is now in the Presidio. Joseph Skidmore, Roy Peacock, E. E. Jahns and Frank Hanson drove over to the Palisades Tavern at Corona del Mar Wednesday night. They represented Laguna at the Associated Chambers of Commerce banquet held there.

The sixth meeting of the First Aid class was held on Wednesday evening. The lecture was on the use and choice of antiseptics, and the kinds and treatment of wounds.

Dr. and Mrs. Deacon and their three daughters, Misses Charlotte, Dorothy and Eleanor of Pasadena, arrived Tuesday evening. Dr. Deacon and Miss Dorothy will return to Pasadena in a few days, but will be down again later in the season. The others will spend the summer here.

Mrs. Priestly Hall of Riverside, spent the week-end in her cottage at Arch Beach.

J. T. Robertson and Calvin McAnally of Claremont, spent Tuesday at Arch Beach, as guests of Dr. W. G. Terry. The Messrs. Robertson have recently purchased two lots at Arch Beach, and are thinking of building in the near future.

J. Cunningham has just completed the preliminary work on a beautiful scenic roadway, leading from the boulevard back among the hills, through his new tract. Mr. Cunningham expects building to begin almost immediately.

Mrs. William Willis has gone to Pasadena to spend a week with her mother, who has been quite ill.

Chapman Lantz of Los Angeles, has returned from Connecticut, where he attended school during the past year. He is spending a few days with his mother, Mrs. Lucy Lantz, in her cottage on the Laguna Heights. Mr. Lantz will attend summer school in Los Angeles this summer.

SEEKS A SITE
FOR A SCHOOL
FOR MEXICANS

May Take a Ten-cent Levy to
Provide Fund For Putting
Up Building

Segregation Is to Be For Good
Of Everybody Concerned
In Schools

The Santa Ana Board of Education is today attempting to secure a site upon which to build a school for Mexican children.

The segregation of Mexican pupils of the lower grades is more than likely to be accomplished in the opening of the school year in September.

That segregation was advisable has been declared by school authorities, including the teachers, for months, but financial matters have prevented carrying out the plan. Prospects now, however, are that money will be available for the construction of the building between now and September.

Lincoln and Roosevelt schools have the greatest proportion of Mexican pupils, and it is planned to establish the new school at some point that will be fairly central for those pupils.

Lincoln school has about seventy Mexican children, and Roosevelt 53 about equally populated with youngsters whose parents came from across the southern border.

At the present time the school board is not certain that it can buy a site and build the same year. Whether or not that can be done depends largely upon the result of investigations being made today. A proposal has been made that six or seven lots be leased with an option of buying. Under a new state law a levy of 15 cents can be made for building and repairs. That levy would bring in a sum that would leave, after necessary repair expenditures on other buildings, about \$10,000. The board may decide to ask for only a 10-cent levy, which would leave \$7500 available for the Mexican school building.

It is proposed to construct a building with two kindergarten and three other rooms.

The necessity of segregation of Mexican children has been brought out at a number of Parent-Teacher Association meetings. Teachers have pointed out that such a school would be of great value to the Mexican children, who could there be given the kind of instruction that they most need. At present Mexicans who can hardly speak a word of English enter classes with American children. Teachers must either neglect the Mexican children or hold back the Americans while special instruction is given the Mexicans.

From the standpoint of health conditions, a segregation is advisable.

PERSONAL AND SOCIAL
NEWS NOTES FROM
ORANGE CITY

ORANGE, June 28.—Mrs. W. E. Anderson was hostess to the C. M. P. club yesterday afternoon at the pretty Anderson home on North Shaffer. The decorative scheme was in pink and white and green. Marguerites and ferns were used in quantities in the living rooms, and pink and white in the dining room.

The afternoon was passed in making bed socks for the Red Cross box and several pairs of these were finished. Mrs. Anderson then served sherbet and cake, the pink and white combination being used in both these articles.

Guests of the club were Mrs. Renkin, Mrs. Buchanan and Mrs. Kneisel. Members attending were the Mesdames T. M. Filppen, John Campbell, George Campbell, W. F. Bowen, A. G. Parsons, H. L. Bascom, I. N. Barnett, C. W. Meadows, O. U. Hull and Miss Lea.

The McPherson Thimble Club held their monthly meeting yesterday with Mrs. G. C. Jost, with Mrs. White, a neighbor, as guest of the club.

Fancy work and chatting were the modes of entertainment until late afternoon, when the hostess served her guests with light refreshments. Members present were the Mesdames Frank Stone, E. A. Stone, Guy Field, L. W. Field, J. A. Triplett, D. A. Bogart, E. D. Porter, F. W. Honey, J. D. Brown, Mary Meier, C. B. Johnson and C. W. Post.

Tuesday night Mr. and Mrs. E. H. Smith entertained informally at their home on North Center street. The affair which was a compliment to Mrs. M. Brandriff, Mrs. C. E. Lush and Richard Lush, who have recently returned from the east, was in the nature of a family gathering.

The evening was spent with music and conversation, delightful refreshments being served. Those to enjoy the affair were Mr. and Mrs. C. F. Smith, Mr. and Mrs. M. F. Lush and family, Mr. and Mrs. C. E. Lush and family, Mrs. Mary E. Lush and George Brandriff and the guests of honor, Mrs. M. Brandriff, Mrs. C. E. Lush and Richard Lush.

Mr. and Mrs. C. F. Boymer and family of Lindsay arrived here Tuesday for a visit with their son, L. R. Boymer of Orange and Mrs. Boymer's father, Elias Hadley of El Modena.

Mr. and Mrs. Montgomery and family of Long Beach and Mrs. Bell and son will be the guests tomorrow of W. E. Anderson and family on North Shaffer.

Miss Carrie E. Roberts, formerly of Orange, who has been teaching at

Berkeley will spend the summer vacation at Hermosa Beach.

W. G. Hagen started early yesterday morning for Newport where he spent the day fishing. He reported splendid luck.

George Hart and H. L. Dillingham motored to Huntington Beach yesterday to attend to some business affairs.

George Brandriff, Richard Lush, Herbert Bierwagen and Paul Davis are spending several days at Laguna. Mr. and Mrs. George Takashita of Japan, were guests at the Hotel Rochester yesterday.

C. H. Vickery motored to Los Angeles yesterday where he attended to business affairs.

Earl Pine, Carl Schmidt and C. D. Squires spent today fishing at Newport Beach.

Max Hirsch of Newark, New Jersey, transacted business in Orange yesterday.

Mrs. M. A. McMillan is convalescing from an operation she underwent Saturday.

Miss Roberts was the house guest of Mrs. H. V. Arnim for the last three weeks.

Mrs. Arch Haynes of South Center street is on the sick list.

H. Howard of Santa Ana is registered at Hotel Rochester.

A. S. Snyder is on the sick list.

Mrs. C. C. Hultquist, accompanied by her little daughter, Anna Christina, of Muskogee, Oklahoma, arrived Tuesday to visit with Miss M. Terrill, of Villa Park, who is an aunt of Mrs. Hultquist. They will likely remain all summer.

Mrs. M. E. Cossairt and Mrs. Jennie Conner and daughter, Addie, left yesterday for Minnesota where they will spend the summer.

J. P. Boring and family, who have been visiting Mr. Boring's brother in Exeter for the past three weeks, returned home last night.

Miss Susan Stokes of San Diego, a former teacher of the Orange high school, is visiting friends here for several days.

Mrs. A. H. Tyrrell, Miss Pansy Prince and Rev. J. E. Hall, visited in Los Angeles yesterday.

Mrs. R. E. Lalonde of Bisbee, Arizona, is visiting her father, Elias Hadley of El Modena.

George B. Waldorf substituted on one of the rural mail routes for P. I. Bird today.

L. Shims and H. O. Ellis of Santa Ana transacted business in Orange yesterday.

Miss Helen Smith and Miss Helen Seavy are visiting friends in Santa Ana.

Mr. and Mrs. Floyd Knight of Santa Ana were Orange visitors yesterday.

Miss Juanita Wright of Santa Ana visited friends in Orange yesterday.

W. H. Clayton of South Glensall is on the sick list.

3 YEARS IN BATTLE
WITHOUT ADVENTURE

SAN FRANCISCO, June 29.—Three years on the front line of battle in the European war and not a single adventure.

Two years with the famous Princess Pat regiment which was wiped out at Monsyres and one year as an aviator in the French flying corps and not a hair-raising episode.

That is the unique record of Lieutenant E. C. Goldsworthy, of the French flying corps, a native of San Francisco and now visiting here—at least it's his version of his record.

"I don't say I haven't had some mighty interesting experiences," he declared, "but so many great things have happened that my work has been completely overshadowed."

Lieutenant Goldsworthy is in San Francisco on his last visit before returning to the French front where he is due August 1.

"Oh yes, I've had a few narrow escapes," he went on when questioned, "but they were nothing compared to those of some of the other chaps."

But he was reticent in talking about himself and preferred to hear of the future preparation of the United States in the war. Speaking of his voyage from England to the United States he said his vessel passed a torpedoed steamer just off Queensland.

"We could see the survivors in the boats and in the water," he said. "Their vessel evidently had just gone down. We did not stop to pick them up as they were only a couple of miles from shore and patrol boats were leaving to rescue them."

Lieutenant Goldsworthy has spent the major portion of his visit with his mother, Mrs. L. Goldsworthy of Pacific Grove.

Safety First with Cough and Cold
"Oh, just a cough" today may become gripe or pneumonia tomorrow. Thousands die from neglected colds. Take Dr. King's New Discovery before your cough becomes chronic. A few doses check the cold by killing the germs. The healing balsam soothes the throat, loosens the phlegm and clears the air passages of secretions which provoke coughing. Contains mildly laxative ingredients which remove the waste that aggravates the cold. At your druggist's, 50c, \$1.00.

Balboa Pavilion

The Palace of Joy on the Bay Front

F. W. BECKWITH, Mgr.

The buzz of pleasure is in the air at Newport and Balboa.

An unusual program is announced for the Fourth of July celebration. Boat racing, canoe tilting and various other sports will be indulged in. The bay, the delight of sportsmen near and far, is literally teeming with pre-

paration for the summer season. "The Limit," the big passenger ferry boat, owned and operated by Jackson-Norton, is in readiness for its Sunday and holiday excursion trips to the Palisades and to various points on the bay.

H. B. Tudor, of the Ocean Front Bath House, has had an ocean float placed just north of the Balboa pier,

which is adding materially to the enjoyment of bathers.

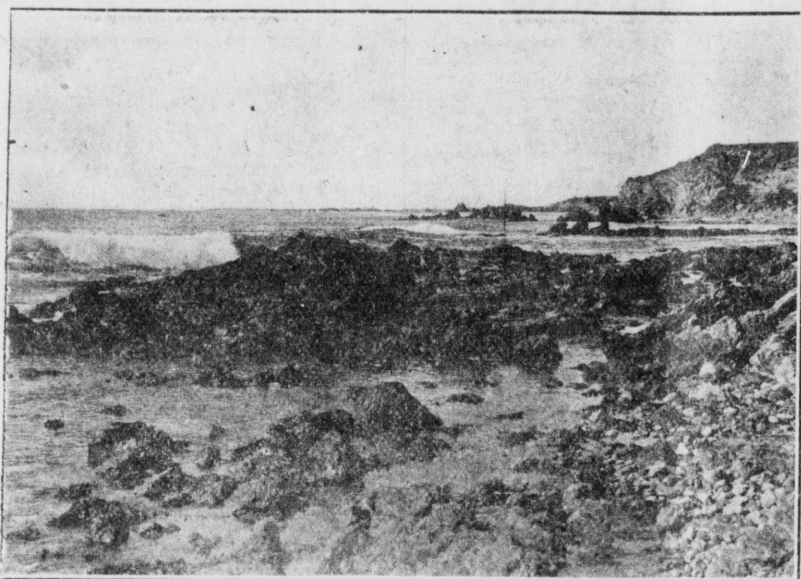

The South Coast Yacht Club is preparing for one of its busiest seasons.

The Newport pier continues to be a haven for fishermen. It has been some years since fish—of such good size and abundance—have been running as at present. Fishermen are bringing them in by the boatfuls, while the public are hauling in mackerel and king-fish by the dozen off the long pier. Bathing at Newport is also taking on life, and the summer crowds are beginning to make apartment and cottage reservations.

Among the apartment houses at Newport are the Seaside Apartments on Seventeenth street, managed by J. Royal Lemon. The rooms overlook the surf. This makes it very convenient for summer occupants to stride from their apartments right into the ocean, without walking down street a block or more.

Harbor Work Begins

It is announced that the first rock has been dumped near the mouth of the harbor and that actual jetty construction will begin within a few days. Optimism and joy prevail throughout Newport and Orange county. The development of Newport harbor has been an event awaited with keen anticipation for years. Now that it is started there will be no trouble securing state and government aid in completing what experts believe will be Southern California's greatest asset.
